VETERANS' SPECIAL IN WRECK; 16 KILLED

BURIED IN WRECK OF MACHINE

Dr. S. P. Tate Jr., Wife and Party Barely Escape Death on Foothill Boulevard

Turn Out to Avoid Striking Motorcyclist and Car Loops the Loop

In an effort to avoid running over an unidentified motorcyclist who ran in front of his automobile, Dr. Samuel P. Tate Jr., with offices at 1018 Washington street, narrowly escaped death with his wife, when the Tate machine overturned on the Foothill boulevard yesterday morning. The four occupants of the machine were all thrown to the ground, Dr. Tate and his wife being buried under the machine and severely cut and bruised, with possible internal injuries; Mrs. E. P. Tate had her left arm broken; E. P. Tate escaped uninjured.

The accident occurred while Dr. Tate was driving his white steamer to Livermore, shortly after 10 a. m. Near the junction of the boulevard with the Broadway road, a motorcyclist, who had been running along in the same direction, speeded past the machine and turned directly in the path of the approaching car. Evidently becoming frightened at the machine, according to witnesses of the accident, he shut off his engine and fell from the motorcycle directly in the path of Dr. Tate.

GOES INTO DITCH.

To avoid striking the motorcyclist, Dr. Tate turned his machine, which was running slowly, abruptly to the right of the road, running into the grass, which concealed a ditch. The left wheel of the car dropped into the ditch, causing the car to turn completely over, landing on its four wheels again.

A second automobile, driven by Charles Denham, and carrying also Mrs. Denham, daughter of Doctor Tate, was following, and with the aid of passersby the injured people were brought into Oakland, where Dr. H. S. Kergan examined them. Doctor Tate, whose injuries are the most serious, was found to have had cuts and bruises on the left side of the head, a badly bruised left leg and ankle injuries to the chest, caused by the body of the machine falling on him. Escaping steins also caused painful scalds. Mrs. Tate was also bruised about the chest, while Mrs. E. P. Tate's left arm was broken.

Dr. and Mrs. Tate are now at their home in Piedmont, where they will be confined to their beds for some time. They are under the care of Dr. D. B. Channell.

The motorcyclist, whose name was not learned, was not injured.

POLICE CHIEF WILSON GOES TO LOS ANGELES

Head of Department Sent to Southern Part of State by Order of Physician

Chief of Police Adelbert Wilson, who has been off on sick leave since early in March, has been ordered to Southern California by his physician, and left yesterday for Los Angeles. Chief Wilson has partially recovered from the illness which forced him to give up work, but Dr. W. S. Porter believes that he will recuperate faster in the warmth of the southern part of the state.

All immediate danger of the threatened physical collapse is over, according to Dr. Porter, and it is expected that before Chief Wilson can resume his active duties as head of the department. It is thought that the order sending him from Oakland is based as much on the desire to get him out of touch with the worries of the department as upon the value of the warmer climate.

TAKES ACTIVE INTEREST.

As he began to recover from the nervous breakdown, Chief Wilson again took an active interest in the police department, and although Acting Chief Walter J. Peterson was in charge, he would visit the office of Commissioner of Public Health and Safety Fred C. Turner to keep in touch with the affairs of the department. It is believed that this may have proved a deterrent to his more rapid recovery, and the order to go to Los Angeles may have been based upon this. Before leaving for his trip, Chief Wilson denied that he had any intention of retiring from active service at the commencement of the fiscal year.

"If my health permits I shall resume my work as head of the department before July," said Chief Wilson. "I have no intention of retiring, but I intend when I return to resume the work of my office that I shall have less call to give attention to minor and unimportant details of my office."

HOLLAND IS MENTIONED.

Despite the statement of the chief that he will not retire, members of the city council are considering filling the office in the near future, and there is considerable gossip in the corridors of the city hall as to who that successor shall be.

Among the names mentioned of the most likely candidates is that of the veteran detective, Dennis Holland, who is considered to have excellent chance of appointment. The office does not come within civil service requirements, and the appointments within the police department are made by the commissioner of public health and safety, irrespective of the confirmation by the city council. It is partially on this account that members of the Mott administration scout the suggestion of Commissioner Turner that he will be asked to be transferred from the police department at the commencement of the fiscal year. Baccus has no desire to leave the street department, and there are reasons urged by the supporters of Mott against placing Commissioner John Forrest over the police department. To give Commissioner Harry S. Anderson control of this department would be an unthinkable piece of legislation on the part of the majority in the city council, as this would give Anderson power to order patronage of a very important office from the administration.

SHRINERS GATHER AT ANNUAL CONCLAVE DELEGATES CELEBRATE PASADENA DAY

NOBLES OF AARHES TEMPLE, MYSTIC SHRINE, EMBARKING FOR THEIR PILGRIMAGE TO LOS ANGELES, WHERE THEY WILL ATTEND THE ANNUAL CONCLAVE NOW IN SESSION

Vaudeville Will Furnish Entertainment Tonight

LOS ANGELES, May 6.—The last of the Shriner special trains carrying the delegates and visitors to the thirty-eighth annual conclave arrived in Los Angeles before noon today.

Pasadena was the first of the nearby cities to extend a formal welcome to the visitors and thousands went to that suburb to help celebrate Pasadena day.

The program included a visit to the famous sun gardens and parks of the Busch estate, a Spanish barbecue later at Tournament Park, a polo game, chariot races and drills by a number of crack Arab patrols, including those of Medina Temple, Chicago; Lulu, Philadelphia; Saladin, Grand Rapids, Mich.; Moolah, St. Louis; Aloha, Honolulu; El Mina, Galveston and Khartoum, Winnipeg, Minn.

Tonight's program includes the Shriner's vaudeville Temple Auditorium and a number of receptions by delegations.

Islam Temple of San Francisco will hold a big reception in the hotel where the Imperial council has its headquarters. The visitors from the Golden Gate will give away souvenirs and tell their guests what San Francisco is going to present the world in 1915, in the way of an international exposition. San Franciscans are missing no opportunities of boosting the Panama-Pacific Exposition.

In addition to vaudeville numbers at the Auditorium, there will be exhibition drills by the patrols of Indian Temple of Oklahoma City, Murat Temple, Indianapolis, each with its own band and selections by the quartet of Anli Temple, Tacoma, Washington. The vaudeville show will be a nightly performance during the week.

Although but one day will elapse before the session of the Imperial council at which the next meeting place will be designated, no city has as yet pressed its claims for that honor. It is doubtful if there will be a contest. The only cities mentioned thus far are Salt Lake City, Minnesota.

(Continued on Page 2, Col. 4)

P. P. I. E. Commissioners Reach Berlin From London

BERLIN, May 6.—The American Panama Exposition Commission, of which John Hays Hammond is the president, arrived here today from London.

John G. A. Leishman, American Ambassador to Germany, gave a luncheon in honor of the commission, the other including Dr. Wilhelm Solen, minister for the colonies, Dr. Alfred Zimmerman, under secretary of the foreign office, Ludwig Max Goldberger, privy commercial

SPANISH WAR VETERANS GATHER IN GAY FRESNO

Pretty Girls Cast Colored Streamers as Delegates Tread Streets

FRESNO, May 6.—The annual encampment of the United Spanish War Veterans, department of California, opened here today with three hundred delegates present and nearly two thousand visitors from all parts of the west.

Fresno has risen to the occasion nobly. Last Friday, there were scant decorations in sight and the American flag was a stranger to the business district. The local committee sent out a vigorous appeal and today Fresno looks like a Fourth of July carnival in full swing with orchestral accompaniment.

The new armory hall at I and Tuolumne streets typifies the work of the local committee and represents the most elaborate decorations of their kind ever attempted in Fresno.

The usual parade through the downtown section with martial music paved the way for the preliminary session in Armory Hall.

Fresno's prettiest girls lined the sidewalks and cast streamers of various colored paper across the shoulder of many a stalwart war hero. Headquarters of the delegates are maintained at the Hughes Hotel and already there is considerable lobbying going on preparatory to the election of officers which will be one of the last matters taken up by the convention.

Edward J. Maher, chairman of the local committee, on entertainment, called the session to order this morning and introduced City Trustee George W. Jones, who made a speech of welcome. Speeches were also made by Mrs. Julia A. Martin, president of the Women's Auxiliary department by Captain Will Kelley, of Fresno.

Chairman Maher then turned the gavel over to Department Commander W. H. Copping of Pasadena, and the encampment went into executive session.

Berkeley and Venice are both contesting for the next encampment and so far Venice appears to have the lead.

Louis C. Welsback of San Francisco, E. Huber of Oakland are both making a hard fight for the position of junior vice-commander.

Tonight the visitors will be treated to a promenade concert in courthouse park.

A number of eastern veterans have come here from the Shriner's convention now in progress in Los Angeles. They found a hearty welcome.

Pretty Oakland Girl Missing From Home

Dolly Gomez Mystifies Police and Parents by Her Disappearance.

The police have been asked to aid in the search for Dolly Gomez, a 15-year-old girl who is reported missing from her home at 383 Magnolia street. The police are mystified as to the girl's disappearance. It is feared that designing persons have gained control of the girl, who is a pretty brunette, described as follows: Medium build, 5 feet 1 inch in height, dark complexion, fair and eyes; worn black dress, black hat with plumes.

Young Girl Is Bitten By Dog; Rabies Feared

FRUITVALE, May 6.—Isabel Tait, 13-year-old daughter of William C. Tait, 2925 High street, yesterday was bitten by a dog which was thought to have been mad. Dr. W. A. Sawyer, of the State Hygienic Laboratory at the University of California, is making an investigation for signs of rabies, which will require several days before the danger of hydrophobia to the child can be determined. The dog, which was a large black animal of uncertain breed, was found on the steps of the Catholic church on High street, Fruitvale, when the girl came out after the morning services. As she attempted to get her bicycle, which was lying beside the dog, the animal bit her on the left foot, his teeth sinking through the girl's low shoe and penetrating the flesh in several places. He also bit her on the instep.

Her screams brought several people to the rescue and the dog was killed by Officer Riley, who took the animal's head to Berkeley for investigation. The dog's tag shows it to have come from Richmond.

Amicable Dissolution Planned by Packers

CHICAGO, May 6.—The National Packing Company, which figured in the recent trial of the Chicago meat packers, contemplate an amicable dissolution, according to a report today after a conference between Ralph Cross, its chief counsel and District Attorney Wilkerson. It was generally believed a tentative proposition looking to the dissolution of the company without the necessity of judicial proceedings was the subject of the talks between the representatives of the packers and the government.

Physician's Wife Injured By Runaway; May Die

RICHMOND, May 6.—Mrs. H. M. Barney, wife of a prominent local physician, was injured, probably fatally, at noon today, when the automobile in which she was seated was struck by a team of runaway horses, owned by James Rutherford. The team rounded into Fourth street at a terrific clip and struck the automobile in the rear at the corner of Fourth and Bissell avenue. Mrs. Barney was in the rear seat, waiting for her husband, who was making a professional call. The impact threw the physician's wife out and in front of the machine, which rolled over her body. At the Abbott hospital it was learned that Mrs. Barney's injuries included a fractured skull, a broken shoulder and internal injuries. There is little hope for her recovery. Mrs. Barney, who is comparatively a young woman, is prominent in social circles on this side of the bay. The family home is at the corner of Richmond and Washington avenues.

Will Be Taken East to Answer Murder Charge

William A. Dorr, Accused of Slaying Millionaire, to Be Extradited.

STOCKTON, May 6.—Unless their plans miscarry, inspectors Kane and Burckes of the Lynn, Mass., police force, will leave tonight at 10:30 with William A. Dorr, charged with the murder of George B. Marsh, the millionaire soap manufacturer, who was shot to death at Lynn on April 11. A trained nurse will accompany Dorr on the journey. The prisoner is very weak and has been confined to his bed since the habeas corpus proceedings, which he appears to be in a comatose condition most of the time and is under the care of several physicians at the emergency hospital.

Carried Implement Of Death In Pocket

SHARON, Mass., May 5.—Thomas J. Leary, a town warden, got down beneath a tree on East Roxbury and a moment later an explosion blew him to pieces.

A hole three feet was made in the ground where he had been sitting. The theory is that Leary, who was a contractor, had a stick of dynamite in his pocket and that when he sat down it came in contact with a stone.

SOUTHERN SOLDIERS VICTIMS

Ten Meet Death With Six Trainmen When Reunion Special Goes Into Ditch

Forty Injured Persons Fill Hospitals of Mississippi City; Many Fatally Hurt

HATTIESBURG, Miss., May 6.—Ten or more passengers and six trainmen were killed and at least forty persons were hurt when the first section of the Texas Confederate reunion special train, en route to Macon, Ga., was wrecked at Gunn's Mill, on the New Orleans & Northwestern railroad, six miles north of Hattiesburg, today.

Five bodies were brought to Hattiesburg and five or six other bodies were reported under the wreckage.

The engine, baggage car, the day coach and three tourist sleepers left the track and rolled down an embankment. The six remaining coaches were hurriedly transformed into a morgue and hospital and as soon as an engine reached the scene the dead and injured were brought here. The injured, some of whom are believed to be fatally hurt, filled two local hospitals.

The known dead:

MRS. CHARLES HOLMES, Bay Springs, Texas.

MRS. JAMES CAMERON, Henderson, Texas.

JAMES DOWNING, Atlanta, President of Downing Locomotive Craft.

Two unidentified girls, aged 8 and 6 (parents thought to be under wreck).

ENGINEER "BILLY" WOOD, Hattiesburg.

FIREMAN C. C. JONES, colored, Meridian.

Dr. Boone, Mr. Denham and one other man from Mansfield, La., are missing.

Five bodies are positively known to be under the wreckage.

REMEMBERED WAR.

Downing was riding on the engine. Doctors and nurses reached the wreck within half an hour after the first news reached here.

Living comrades of the dead and injured veterans had not forgotten lessons learned on the battlefield and their attention to the dead and ministrations to the injured were prompt.

With the help of the members of the train crew the passengers soon had all of the injured removed to the cars that stood upon the track and had gathered the corpses of as many of the dead as it was possible to reach, before a wrecking derrick arrived to lift the debris from those plighted beneath it.

Four bodies were removed from the wreck, after the relief train carrying five corpses and the injured left the scene for Hattiesburg. More bodies can be seen under the wreckage.

Fireman Killed.

SEATTLE, May 6.—Columbian train of the Chicago, Milwaukee & Puget Sound railway, from Chicago, ran into an open switch in the Cle-Elum, Wash., yard today and crashed into a freight engine standing on the switch track.

Jordan, fireman of the passenger train, was instantly killed. The passengers were uninjured.

Resume Bombardment On Compensation Bill

Opponents of Workmen's Measure Plan to Fight Up to Voting Time.

WASHINGTON, May 6.—Opponents of the workmen's compensation bill, resumed their bombardment of that measure in the Senate today. Many protests from railroad organizations were presented by Senators Smith of Georgia, Culberson of Texas, Myers of Montana and other senators. It was evident they were prepared to continue the fight until 4 o'clock, the time fixed for voting on the bill.

TRANSPORT BUFORD ARRIVES AT MAZATLAN

Will Pick Up American Refugees at Coast Ports and Return.

Hundreds of Fugitive Chinese Seek Permission to Cross Border.

MAZATLAN, Mex., May 6.—Via Nogales, Ariz., May 6.—The transport Buford arrived at Mazatlan today direct from San Diego, Cal. The transport passed the Yortown at sea, merely exchanging greetings. The Buford will leave for Toluca and Altata this afternoon, returning and taking Americans from Mazatlan Tuesday.

QUIET AT MAZATLAN. WASHINGTON, May 6.—The State Department today made public a dispatch from Claude E. Guyant, consular agent at Mazatlan, stating that Americans are safe at Mazatlan and conditions there are tranquil.

HARVEY WAS MORMON. SALT LAKE CITY, May 6.—James D. Harvey, reported in an El Paso dispatch to have been murdered by a Mexican in his field at the Mormon colony of Diablos, was born at Moroni, Utah, and went to the colony district 30 years ago. He has a brother and sister in Salt Lake and two others at Moroni. He was the father of 14 children.

CHINESE SEEK REFUGE. WASHINGTON, May 6.—Several hundred Chinese fleeing from the disturbed zone in the state of Coahuila, Mexico, are appealing to the United States government for a temporary asylum in this country.

Terror struck by the memory of the Chinese massacre of the last revolution, Chinese are pouring into Piedras Negras, opposite Eagle Pass, Texas. Their urgent request for permission to cross the border line reached Washington today.

The appeals were transmitted by Collector of Customs Dow at Eagle Pass, Texas, to the secretary of the treasury. As an immigration problem is involved Secretary MacVeagh will consult with Secretary Nagel of commerce and labor.

The Mexican federal forces, according to advices from American agents, have been defeated by Orozco's army at Cuatro Ciénegas, in Coahuila. The federalists apparently retreated to Monclova, where another fight is expected.

REBELS CONTINUE ADVANCE. JUAREZ, May 6.—Personal, 14 miles north of the former federal outpost at Berrillo, was occupied last night by the rebel army now advancing on Torreon. A number of mines left by the retreating federalists were unearthed.

TUCSON, May 6.—One thousand rebels attacked the federal garrison of 16 men at Mitson, Sonora, yesterday, according to advices at the office of the southern Pacific Railroad of Mexico here today. The rebels were victorious.

Disparities from Empress state the rebels lost 100 killed. The federalists had three killed, but forty men took advantage of the confusion of the battle to escape.

SCORES REPORTED DEAD IN RAGING TORRENTS

Floods Take Fearful Toll in Middle West and Southern States

NEW ROADS, La., May 6.—Flood refugees reaching here early today declare there has been loss of life in that part of Louisiana inundated by the Mississippi river, which rushed through the breach in the levee of Torras. It is said that motor boats, sent to take numerous persons from floating houseboats arrived too late.

How many persons perished cannot be determined. Refugees to the concentration camps are hurried hither and thither. Sometimes families are separated and persons have been reported "missing," who simply have been sent from one camp to another.

Nevertheless large numbers of refugees say they have seen entire families swept from houseboats. Leaders of the rescue corps admit that several times they have sent motorboats to points where families had taken refuge on the roof of a house and that when the boat arrived its crew found only the building gulfed by the currents, and half its roof surface submerged.

APPEALS FOR HELP. Appeals for help reached here last night from Lettsworth, directly in the path of the Torras torrent. Half a hundred people were reported to be in imminent danger of drowning. The house in which they had taken shelter had been deluged from its foundation and was being tossed about in the current.

There are at least 1000 persons who remain to be rescued from the inundated country west of Lettsworth and Batchelor. Some of them are drifting about on hastily constructed rafts.

The crevasse water is spreading at a rapid rate, inundating sections of Point Coupee parish, which never before have been reached by overflows. Town after town is being swept by the muddy waters.

The last of the special trains bringing refugees out of the country around Batchelor arrived here last night. When the two relief trains were about ready to leave Batchelor, word was received that there was grave danger of their being cut off by a threatened washout on the tracks several miles east of that place. When the first train arrived at the point of trouble, water was flowing over the tracks for a distance of five miles, but the train passed over safely.

THROWN INTO WATER. When the second section arrived, the water was rushing over the track about two feet deep. An attempt was made to reach the other side of the washout, but about half way across the track gave way and the cabooses and three cars toppled over. Occupants of the derailed cars were thrown into the water, but escaped without injury. They were transferred to other cars and brought on to New Roads.

When the relief section arrived, special speed through water which was running in charge of the train decided it would imperil the lives of all those on board to delay the train. The train was not stopped.

The boats to be used in rescue work have been sent to New Orleans. The steamer City of Shreveport and a shipment of a dozen of skiffs are due to arrive in Batchelor today.

TOWN CUT OFF. BATCHELOR, La., May 6.—The last link binding this town with the outside world by rail was severed late last night, when the swift waters from the Torras crevasse swept away a long stretch of the Texas and Pacific railroad tracks a short distance east of here.

Reports reach here at all hours of the day of persons marooned in houses, barns and on tops of houses. A message was received late last night from Lettsworth, six miles north of here, that 50 persons were provided into one house west of the town and were in imminent danger of being drowned. The house was washed from its foundations and was floating around in the water. Boats were hurriedly dispatched there.

Another appeal for help came from a small village several miles west of here, where a score of persons were said to be clinging to a roof of a barn which was being buffeted about in the torrent. A boat left here at daylight to take them off.

THROW UP LEVEE. PLACEMINE, La., May 6.—Water from the Torras crevasse has topped the Fordish ridge and today is coming down the Maringou and Gross Tete bayou with a rush. It is said to be rising from three to four inches an hour. A protection levee is being thrown around the town of Gross Tete in an effort to prevent the town from being inundated.

The Texas and Pacific and Southern Pacific railroads already have been put out of commission at that place. The lumber towns of Morley and Humbert, in West Baton Rouge parish are almost deserted. The inhabitants of the two places have moved away and the big saw mills have closed down. Both of them will be inundated by tonight.

The Mississippi levee in front of Plaquemine, while requiring constant attention was held by the engineers today to be in good condition. Two hundred and fifty carloads of dirt were placed on the stretch yesterday.

FRESNO WELCOMES VETERANS OF CUBA

Spanish War Heroes Gathered for Four-Day Session.

(Continued From Page 1)

and will be given a banquet this evening at a downtown grill.

Mayor Rowell and other city officials have formed themselves into a self-constituted reception committee to extend official hospitality to the visitors.

Wednesday afternoon has been set apart for pleasure. There will be a ball game, automobile sight-seeing parties, and various athletic contests. The delegations from the bay cities are vying for representation with those from the south. Oakland and Berkeley have joined forces with San Francisco and are keeping "open house" in the evening.

The women's auxiliaries have a large representation here and a great many social functions are planned by local society women in honor of the guests.

SHRINERS GATHER AT LOS ANGELES

San Francisco Temple to Hold Reception and Advertise Fair.

(Continued From Page 1)

apollis and Atlanta, Ga. There are six candidates for the office of imperial outer guard, the only office for which there is competition.

Oakland Shriners Leave for South

Members of Aahmes Temple of Shriners, their wives and friends, 300 strong, left Oakland yesterday morning at 7.45 on their great pilgrimage across the sands to Los Angeles. A special train of Pullman, buffet and observation cars carried the party, which was headed by illustrious Potentate F. W. Bilger, who, with Ben O. Johnson, chief rabban, head of the famous delegation of five to the California exposition, left here yesterday, which resulted in the establishment of Aahmes Temple here.

The party traveled over the coast line, going via Elmhurst, Newark and the Dunsmuir. During the visit in Los Angeles the local Shriners will be entertained at a reception by the southern Shriners and plan, with the large delegation which went from this city, to make the Oakland party one of the most prominent at the convave.

WHOOPS! SHOW OF CHEYENNE COMING

Cowboys and Indians Galore to Vie in Tests of Skill.

"Frontier Days," the wild west show that made Wyoming famous, comes to Oakland tomorrow night with 300 horses and enough baggage to fill a special train of twelve cars.

The show will be held in the Grove street ball yard, beginning May 15 and lasting until the 19th.

Fifty entries from California cowboys have been received for participation in the various contests of skill and endurance planned for every day of the show. Valuable prizes will be offered to the best equine.

A feature of the opening day will be the big parade that will start from Moos hall and wind its way through the downtown business section.

Body of Rancher Found in Cellar

NELSON, B. C. May 6.—The murdered body of Peter Winstanley, a rancher, 38 years old, living four miles west of Sloan Junction, near here, was found in the cellar of his home yesterday.

He was slain by a desperate struggle between a creek head house and two bones of which were found. Winstanley evidently had been murdered at the creek and the body dragged to the house. The murderer had taken the keys from the dead man's pocket and, falling in his effort to open the door, had broken the window and thrown the body in.

Terrapin Stew Soon To Be Common Diet

WASHINGTON, May 6.—The bureau of fisheries, confident that the diamond back terrapin can be cultivated in the United States for commercial purposes and prices within means of everybody, will seek an appropriation of \$25,000 for the employment of a terrapin culturist.

Some study of the matter has been made in the fisheries laboratories in the south, and George M. Powers, commissioner of fisheries today said if congressional authorities and the experimental work will be pursued at the Beaufort laboratory.

General Lea, III, Arrives From Orient

SAN FRANCISCO, May 6.—Honorable Lea, the famous American leader of Chinese revolutionary troops, arrived in San Francisco today from the Orient on the liner Shinyo Maru, en route to his home in Pasadena. General Lea is in desperate physical condition. He is accompanied by his wife.

'IKE' TIMMONS SUFFERS STROKE OF APOPLEXY

Suspecting that "Ike" Timmons, a well known character about the Oakland streets, had been attacked in his room at the St. John's house on Twelfth street, the police made a search yesterday for his assailants. In the meantime the injured man was taken to the receiving hospital, where, upon an examination being made by Dr. Edwin and Stewart Emley, it was found that he had suffered a stroke of apoplexy.

Mrs. Anna Schuster, landlady, found Timmons lying on the floor in his room and it was at first believed that he had been attacked there, but it was later found that he had been carried there by two men and that he had received his injuries when he fell from the stroke.

BODY IS FOUND DAYS AFTER DEATH

The body of Joseph Blasich, an aged Austrian employed in a Twelfth street bar as a waiter, was found in a small building in the rear of 218 Eleventh street last evening by M. C. Melquand, owner of the place. The remains were in a bad state of decomposition and as the man had not been seen since April 29, it is believed that he died early last week.

The autopsy has not been held and the cause of death is not known. It is thought that Blasich died of old age and from a complication of troubles. An inquest will be held at the morgue. The deceased was 64 years of age. Little is known concerning his affairs.

SPENCER PRAISES STATE'S EXHIBIT

Result of Turin Exposition Will Be Stimulus to Entire Section.

W. D. Spencer, who has been in charge of the exhibit of California products made under the auspices of the California Development Board at the International Exposition in Turin, Italy, has just arrived here with the exhibit. Among the products displayed were a number of jars containing fruits and flowers from Alameda county, donated to the development board by the Alameda County General Exposition Commission.

Spencer was away about one year. Concerning the Turin exposition, Spencer has newspaper clippings showing the total attendance to have been in excess of 7,500,000 during the six months that the fair was in progress. On Saturday, November 18, the closing day, the attendance was 150,000 on the preceding Sunday, the figures being 130,000.

Several days during the latter half of the exposition period, the attendance exceeded 100,000. In the early months the attendance was smaller, but the average daily attendance of about 30,000.

The California exhibit was well placed and it is estimated that fully two-thirds of all the people at the exposition visited it, and nine-tenths of the figures were taken during the six months that the fair was in progress. The exhibit was a striking one, though it probably was not so intended in the arrangement of the government exhibits.

From Turin the California exhibit was taken in a car and reached San Francisco in the morning of May 4, where it was kept for four months and here hundreds of thousands of people visited it. Spencer says that the interest evinced by the Germans in the exhibit, evidenced by the questions asked by visitors, was fully as great as that shown by the residents of Italy, France and other Mediterranean countries who had attended the Turin exposition. Judging from the manner in which the visitors at Berlin came time and again and made special inquiry concerning California, Spencer thinks that a large immigration may be expected from the agricultural districts of that empire.

UNIONS DISOBEY COURT INJUNCTION

Nine Arrests of Pickets Are Made; Judge Denounced by Workers.

KALAMAZOO, Mich., May 6.—One of the most unusual conditions that ever has confronted a Michigan judge has developed in this city as the result of the defiance by 400 members of the United Brotherhood of Carpenters and Joiners of America, who are picketing a factory where a strike has been in progress since March 1.

The pickets have been made, but nearly 400 other persons, it is declared, have been flagrant violators of the court's order.

At a largely-attended mass meeting of trades unions today Judge Knapp was denounced bitterly by all the speakers.

Those under arrest and a half dozen others who have been cited to appear on the same charge, will be placed on trial today. Union leaders declare no attention will be paid to the injunction that have been issued, or that may be issued in the future to prevent picketing.

SUIT TO DISSOLVE BIG TRUST BEGINS

Taking Testimony in Steel Corporation Case Starts in New York.

NEW YORK, May 6.—The taking of testimony in the federal suit to dissolve the United States steel corporations, was begun here today and probably will continue for two months. Hearings also will be held in other cities and probably it will be a year before the United States Court at Trenton, where the suit was filed, will take up the evidence for judicial consideration.

The hearing today before Henry T. Brown, the examiner appointed by the Circuit Court, was the first to be held in the suit which the government brought under the Sherman anti-trust law. The government asks that the various combinations be decreed to be unlawful and that all acts done in creating them be declared in violation of the Sherman law.

Defendants, but many of its subsidiaries and prominent individuals also are named. J. P. Morgan, John D. Rockefeller, Andrew Carnegie, George W. Perkins and Daniel G. Reid are among the defendants named.

BROTHERHOOD TO HEAR DICKIE AND ADAMS

George E. Dickie, superintendent of the Oakland Playgrounds, and James E. Adams, who recently returned from Korea, will be the speakers at a meeting of the Men's Brotherhood of the First Presbyterian Church, which will be held tomorrow evening in the Sunday-school rooms, Fourteenth and Franklin streets. Dr. Ray E. Gilson, president of the church, will be the chairman of the evening. He has announced that the session will be open to the public.

\$8000 AUTOMOBILE DESTROYED BY FIRE

Walter R. Heyneman's Motor Meets With Mishap; Party Breaks Up.

A week-end automobile party of wealthy young merchants of San Francisco was broken up last evening on the Oakland-San Jose boulevard, near Irvington, by an exploded tire, and the new \$8000 1913 model motor car of Walter R. Heyneman was destroyed by fire. Heyneman was at the wheel. He is vice-president of Heyneman & Co.

Only one member of the party was injured, Herbert Frank, who is in the pottery business in Richmond. His shoulder was badly wrenched and bruised and he was taken to a San Francisco sanitarium last night. The injury is not serious.

Returning from a tour to Skaggs Springs in Sonoma county, Heyneman with a party of friends and Robert A. Roos, 2000 Jackson street, San Francisco, of Roos Brothers, taking another party of friends, were flying down the boulevard for dinner in San Jose when a tire burst on Heyneman's car.

According to the men in the automobile, the speed was not more than 25 miles an hour and the machine was saved from overturning or complete wreck. It skidded across the road and glanced off a curb.

Frank became excited and stood up. As the motor rocked from side to side of the road he was hurled out and struck on his shoulder, just before the car was brought to a full stop. The other motorists remained in their seats and were unhurt. They picked up their injured companion.

About fifteen minutes before them was Roos and his party. Their first realization of the accident came from the sight of flames by the roadside.

A connection had been broken by the collision of the car with the curb and the gas set fire to the gasoline. In a few minutes the whole body of the car was wrapped in the flames. There was no water and no way to check the fire.

When Roos overtook the wrecked motorist he turned his car back and lifted Frank into the machine. The return trip was made slowly to avoid shaking up Frank and the car did not reach San Francisco until almost midnight.

Heyneman lingered until his new auto was reduced to a pile of ashes and twisted steel, and then hurried with the other members of the motor outing party to catch a train from Irvington.

Officer Who Charged Anarchists Passes Away

CHICAGO, May 6.—"Smiling" Peter Foley, veteran of the Haymarket riots and former famous athlete, is dead here at the home of his daughter. Foley joined the police department in 1882 and three years later was a member of the first company of police to charge the anarchists in Haymarket Square when the bomb that killed and wounded many was thrown. He retired three years ago as a sergeant. He was a fifty-six pound weight thrower, pole vaulter and broad jumper. He established a world's record as heavyweight thrower here thirty years ago. He was 64 years old.

'FOGHORN' REED MAY ESCAPE PRISON

The preliminary examination of J. Reed, alias "Fog Horn" Reed, who served sentence in San Quentin for a diamond robbery in Oakland, was again put over in the police court this morning due to the failure of the complaining witness to appear. It is feared by court attaches that undue influence has been exercised to prevent the complaining witness from appearing against Reed, and it is probable that Reed will not be prosecuted. The case was continued till tomorrow morning, and an effort will be made to locate the witnesses against the prisoner.

Nab Negro in Cemetery And Enact Lynch Law

GREENVILLE, Miss., May 6.—An unidentified negro who attacked a white woman on one of the principal streets in the residence section here

RESULT OF TEXAS VOTING IN DOUBT

Roosevelt Leaders Claim the Southern State for Their Candidate.

(Continued From Page 1)

Lyon, however, has resided in Sherman, Texas, for thirty-six years. It will require the county conventions tomorrow, and possibly the state conventions May 28 to decide whether Taft or Roosevelt for the Republicans and Wilson or Harmon for the Democrats will receive the Texas delegations to the respective national conventions.

WILSON STRONG. Results of Saturday's presidential preference primary show Wilson strength that surprised the Harmon leaders, making him the favorite for the county conventions tomorrow on the face of the returns. The Harmon people point out, however, that the full result of the primary voting will not be known until the county conventions meet, and they claim that it is likely to take the state convention to render a final choice.

The result as between Taft and Roosevelt is left in even more doubt. The Republicans have their county conventions tomorrow simultaneously with the Democrats.

FIGHT IN ARKANSAS. LITTLE ROCK, May 6.—Taft and Roosevelt forces in Arkansas will measure strength in meetings today and tomorrow. The fifth district Republican convention tonight probably will result in a split. The Taft men claim regularly for the meeting they will hold and the Roosevelt workers make counter claims. The contest will be carried to Chicago.

The Roosevelt Republican League of Arkansas and the Republican State Central Committee will have meetings tonight, in advance of the state convention, which will take place tomorrow. Both sides express confidence in the outcome of the state convention.

COUNTY CONVENTIONS. COLUMBIA, S. C., May 6.—Conventions to select delegates to the Democratic state convention May 25 were held today in every county in South Carolina.

Declarations of President and gubernatorial preferences were the features. It was expected Governor Wilson would be endorsed tonight. Probably no campaign for any other candidate will be held and the Roosevelt workers are contesting for the Governorship.

TAFT IN OHIO. ATHENS, Ohio, May 6.—President Taft entered his third primary fight today with Ohio's forty-eight delegates to the National Republican convention to be held May 21, as the prize. Taft will make speeches in several Southern Ohio towns.

FAVORABLE TO TAFT. HOUSTON, Texas, May 6.—F. H. McGreggor, President Taft's campaign manager, said today: "The results of Saturday's primaries fairly favorable to Mr. Taft. I have not received sufficient reports from several districts to make an intelligent estimate of the outcome and it will not be possible to gauge the result in advance of the county conventions tomorrow."

NEVADA FOR TAFT. RENO, May 6.—Nevada's six delegates to the Republican national convention will be named at the state convention which is in session at Fallon today.

The convention is controlled by the Taft forces. Six Taft delegates out of a total of 110 having been elected at the primaries several weeks ago.

J. F. Dennis of Goldfield, was elected chairman of the convention shortly after it convened and stated that he stood for Taft and Taft principles.

The program of the Taft forces is for a resolution endorsing President Taft and the instruction of the six delegates to the national convention for President Taft. Roosevelt supporters have not made their plans public.

SOLVING THE BIG PROBLEM OF CLEANLINESS IN BUSINESS INSTITUTIONS

The Soap and Towel Revolution

Business houses of the highest class are fast discarding the roller towel and cake soap.

One glance at the soiled strip of linen and the soggy, slimy cake of soap is enough to prove that they do not promote real cleanliness, and that they may transmit disease.

Every user leaves some of the dirt from his hands and face clinging to the cloth towel and in the lather of the soap, and this dirt is passed on to others. And who will say that skin diseases are not transmitted as readily as dirt is transferred?

These are matters which have set men to thinking, with the result that cleanliness and the preservation of health are now really provided for by concerns which regard the comfort and welfare of employees as important assets.

Make the surroundings of a group of people cheery and healthful, and provide the means by which each one may "clean up" with his individual towel and soap, and you have added a stimulus to good work which will actually pay in dollars and cents.

The Problem of Cleanliness, Comfort and Efficiency is Easily Solved with

Beau Brummel Liquid Soap

and

West Sanitary Paper Towels

Instead of the wet, dirty cake, there is a handsome glass dispenser filled with a liquid which forms a fine cleansing lather, which makes the skin clean and soft. One tilt of the dispenser gives enough suds for a wash.

Then the hands and face are dried on a sheet of fine absorbent paper which absorbs the moisture as perfectly as the finest linen towel and the paper is afterwards thrown away. Every user gets a towel which has not been touched by anybody else.

Such an equipment as this is easily installed, and it is economical. Each hundred towels are in each roll, and one gallon of the soap is sufficient for seven thousand washes.

If you, who are reading this advertisement, are interested in the betterment of the conditions on your premises, or if you are going to build, investigate the value of Beau Brummel Liquid Soap and West Sanitary Paper Towels.

Ask us to show samples and to give you a demonstration.

West Disinfecting Co. New York

88 TAYLOR STREET, SAN FRANCISCO, CAL.

WHEN WOMEN ARE PALE

Health Glow Better Than Rouge.

Women who are pale and feel compelled to resort to cosmetics to give their complexion a "natural" color will be pleased to know a better way.

Pallor is caused by poor, thin blood—nothing else. If your blood is as rich and red as it ought to be, the skin will have that ruddy hue of health so much desired.

Miss Clara Wohlers of Brooklyn, says: "My blood became thin and poor last spring, making me pale and nervous. I had heard that Vinol was a splendid thing for this condition so I began using it and received great benefit. It has restored my healthy color and made me feel well again. Vinol is an excellent tonic."

We say positively that there is nothing like Vinol to enrich and purify the blood, and build up weak, run-down people. The taste is delicious and even children like to take it.

You can use Vinol without any risk for we guarantee it to be satisfactory and pay back your money if it is not. The Owl Drug Co., Oakland, Cal.

DETECTIVE THROWN FROM CAR MAY DIE

Four Youths Under Arrest Following Fracture of Skull in Fall.

SAN FRANCISCO, May 6.—Four youths arrested at an early hour this morning by Patrolmen Mathewson and Stumpke are facing a charge of murder in the event that John Rallis, a detective for the United Railroads, who appears to be dying at the Harbor Hospital, does not show a miraculous improvement in his condition.

The quartet gave their names as Edward Quinolles, Frank McCracken, Edward Spooner and "Fat" Mondo. They were apprehended by the police after seven hours' search following the hurling of Rallis from a moving Mission street car last evening.

The conductor had had trouble with the gang ever since his car left the ocean beach. At twenty-ninth and Mission streets he ejected two of them, being supported by a number of male passengers. When the car reached Third street, it was almost empty save for four men who seized upon Rallis and threw him off. He fell on his head and on being examined at the Harbor hospital, it was found that his skull had been fractured. A dying statement was taken from him by the Bond and Warrant clerk this morning.

Fascinating Hair For Women

It's Easy to Have Natural Colored, Luxuriant and Radiant Hair.

So many women have gray and faded hair that makes them appear much older than they really are. They are not using HAY'S HAIR HEALTH.

If your hair is gray or faded; if your hair is full of dandruff; if your scalp itches—get a bottle of HAY'S HAIR HEALTH at Owl Drug Co., today; use it regularly and you'll be surprised at the results.

HAY'S HAIR HEALTH is guaranteed to give satisfaction or money back.

'OVERNIGHT' AT MACDONOUGH IS ONE LINGERING LAUGH

MISS FRANCES LARRIMORE, as Elsie Darling in "Overnight," at the Macdonough Theater.

CAST OF CHARACTERS.

(In the order of their appearance)
Caroline Patchen Florence Stewart
Caroline Powers Inez Buck
Purser James T. Ford
Al Rivers Mahlon P. Hamilton
Steward Emilie Nelson
Mrs. S. Rutherford Cleveland Elsie Scott
George Kettle Ada Stirling
Richard Kettle Tom Emory
Percy Darling Sam H. Hardy
Elsie Darling Frances Larrimore
Hotel Clerk Arthur Aylsworth
Professor Diggs E. L. Duane
Porter John Dillon

(By LEO LEVY)

Complications grow in profusion in the dramatist's garden. They are easy to find and easier to gather. It is in blending them for public consumption that the jobber discovers he is up against difficulties.

One Philip H. Bartholomae stumbled into a veritable jungle of tangled situations when he conceived "Overnight." He took what he thought he needed and left the rest for future use. If he had taken time to put them together in sustained continuity, the play now at the Macdonough would have been a great comedy. Which is mixing fruit and metaphors in a reckless manner.

Farce comes into its own in "Overnight." It isn't of the order labeled "screaming," but one inductive to a gleeful that begins early and lasts a long time. "Screaming" farce is an excellent thing to have around the box office, but that means no more than one, or perhaps two, whooping situations. That brand usually stands for rough-house comedy, also, and "Overnight" is nothing of the kind. Playwright and producer have been

good to the cast, the lines being portioned out with a lavish hand. Tom Emory is the mollycoddle of farce as Richard Kettle, and works like a Trojan to bring his work dry of possibilities. His partner in misery is Frances Larrimore, a vest-pocket comedienne with the right idea of comedy, and who is Elsie Darling of the play. On the shoulders of these two fall the complications. They are newlyweds, thrown together on board a steamer when their respective wife and husband are left behind at a landing one autumn afternoon. Mistaken for man and wife by thoughtful friends and other animals, they pass a day and night of misery on the steamship and at the Rip Van Winkle Inn, on the shore of the Hudson river.

Plenty of room for comedy and worse, there, you see, and both are found aplenty. Much, by-play, many offshoot from the main story and the tendency of the times to vaudeville farce, serve to break the thread of plot in several places, but even these are joyful occasions and have been forgiven by press and public.

EVERYBODY DOES IT.

Hard work is a favorite pastime with the cast. Arthur Aylsworth has his own idea of hotel clerk and captures the onlookers with a happy portrayal of a limitless character. George Kettle and Percy Darling are capably handled by Ada Stirling and Sam H. Hardy, and thereby no fault to find with the remainder of the cast.

"Overnight" will stop overnight at the Macdonough until Wednesday, when it will depart, after playing a matinee and night performance on that day.

MINING MAN FOUND DEAD IN ROOM

SAN FRANCISCO, May 6.—Stanley W. Cowles, a retired mining man, who was well-known throughout California, was found dead in his room yesterday afternoon at 642 Jones street by a Japanese porter. The body was removed to the coroner's office and an inquest will be held today to determine the exact cause of death.

Cowles was 62 years of age. Heart failure is supposed to have caused his demise. He was a brother of Mrs. Joseph Redding, wife of the prominent clubman and attorney of San Francisco.

Born in this city, Cowles became interested in mining ventures as a young man and had long been prominently identified with the development of the mining industry in California.

SOLDIER IS ARRESTED FOR VICIOUS ASSAULT

SAN FRANCISCO, May 6.—Martin Hagan, a private in Company M, 30th Infantry, was arrested this morning and charged with assault with a deadly weapon, for an attack on Herbert Williams, a Burlington contractor. Williams met Hagan in a room at 626 Jackson street and in an argument which followed the latter struck him on the head with a beer bottle. The whole up of the scene was laid open and he was treated at the Harbor hospital by Dr. Roncovieri.

BEATEN AND ROBBED BY BRUTAL THUGS

SAN FRANCISCO, May 6.—Attacked on the Embarcadero at midnight by four thugs, William Wallace, who lives at the Harbor hotel, was robbed of \$40 and left lying dazed on the sidewalk. As soon as he recovered himself he hurried to the Harbor station and Officer Hayden was sent out with him to search for the culprit. He pointed out and identified a man who gave the name of William Kennedy and who was charged at the city police with robbery.

BURGARS ARE BUSY IN SAN FRANCISCO

SAN FRANCISCO, May 6.—Burglars ransacked the home of Mrs. Julia A. Warren, 101 Golden Gate avenue last night and obtained \$110. Mrs. A. Santz of 2882 Howard street reports that burglars obtained \$37.60 in jewelry and P. C. Morgan, son of 417 Stockton street, had \$75 in jewelry taken from his apartments.

It is now well known that not more than one case of rheumatism in ten requires any internal treatment whatever. All that is needed is a free application of Chamberlain's Liniment and massaging the parts at each application. Try it and see how quickly it will relieve the pain and soreness. Sold by Osgood Bros. Drug stores.

A DISPLAY OF ALL NEMO CORSET INVENTIONS FOR THE YEAR

NEMO WEEK has become an event of national importance. Every progressive dealer realizes this fact and has prepared for it accordingly. Each annual recurrence of "Nemo Week" proves more valuable and instructive to women who wish to learn how to secure and retain a fashionable figure without sacrificing health and comfort.

"Nemo Week" appeals especially to the millions of sensible women who expect a full return for their money and who demand serviceable, well-fitting corsets at reasonable prices.

A most interesting feature of this "Nemo Week" will be the introduction, in a few new models, of our latest and greatest invention—"Lastikops Cloth"—an elastic fabric so unique and useful that it will quickly and completely revolutionize the entire corset industry.

No woman—whatever her social position or the size of her purse—can afford to allow this event to pass without closely and carefully examining all the new inventions in Nemo Corsets which she will find displayed in the stores in which she is accustomed to shop.

Famous Self-Reducing Corsets in New and Improved Models

With the New "In-Curve" Back

No. 506 For short stout figures: skirt-gores of the new elastic "Lastikops Cloth," and the novel "In-Curve Back," of Lastikops Webbing, make this the greatest figure-reducing corset in existence. Very long, modish skirt, low bust. Also, No. 508, the same model, but with medium bust. . . . **\$5.00**

With Lastikops Flatting-Back

No. 319 SELF-REDUCING, with hip-confining bands of Lastikops Webbing which cause the corset to curve smoothly inward, giving the fashionable "in-slope." Keep ends of steels from showing through a thin gown. Very long, stylish skirt, low bust. Also, No. 321, same, but with medium bust. . . . **\$3.50**

With the New "Auto-Massage" Device

No. 354 SELF-REDUCING CORSETS with the new Nemo Auto-Massage construction, which not only makes the figure LOOK smaller, but actually drives away the fat so that the figure IS smaller. Very long skirt, medium bust. Also, No. 353, same, but with low bust; and No. 355, same with high bust. . . . **\$3.50**

With Lastikops-Linshaping Extensions

No. 406 SELF-REDUCING, for short stout figures. Regular Nemo Self-Reducing front; broad bands of Lastikops Webbing across side; front reduce upper limbs to natural size. New model, with longer skirt, and otherwise improved. Low bust. Also, No. 408, same, but with medium bust. . . . **\$4.00**

With the New Lastikops Bandlet

New No. 522 SELF-REDUCING—without figures with heavy abdomen. The improved Lastikops Bandlet gives perfect support from underneath. New model, with longer skirt and double Reducing Straps. Medium bust. Also, No. 523, same model as No. 522, but with low bust. . . . **\$5.00**

With the New Nemo Relief Bands

New No. 403 SELF-REDUCING—for short stout figures; the Relief Bands, which firmly support the abdomen, now have Lastikops Webbing attachment which gives greater ease and reducing power. Long skirt, low bust. Also, No. 405, same model, but with medium bust. . . . **\$4.00**

DON'T MISS NEMO WEEK! It gives you fine chance to see the difference between genuine Nemo Corsets and the rank imitations with which the market is flooded. It will settle your corset-problem for another year—if you select the right Nemo. It will show you that to wear Nemo Corsets means **BETTER HEALTH, PERFECT STYLE and TRUE ECONOMY.**

BARELY ESCAPES FATE OF TITANIC CITY TO PURCHASE NEW 'BLACK MARIA'

Steamship Ultonia Loses Propeller in Battle With Ice Fields.

HALIFAX, N. S., May 6.—Another transatlantic liner has been damaged in the ice fields which crowd the entrance to the Gulf of St. Lawrence. The Cunard liner Ultonia, from Southampton bound to Montreal, arrived here last night in a disabled condition and reported the loss of one propeller. The Ultonia has twin screws, but Captain Frothero decided not to risk further ice perils of the gulf, and so proceeded to Halifax, the nearest port. This is the Ultonia's first trip to Canadian ports this season. She has 1200 passengers on board, and they will be debarked and forwarded to their destinations in Canada and the United States.

Phenomenal ice conditions are reported in the track of transatlantic liners, extending far south of the Grand Banks. Navigators have to exercise great caution in approaching the Gulf of St. Lawrence, where the field ice is closely packed and in some cases extends for many miles. Captain Frothero did not make formal report tonight, but it is believed that beyond the loss of the propeller the Ultonia suffered only slight damage. Because of the late hour of her arrival she remained in quarantine for the night.

Before reaching port Captain Frothero sent a message to the Cunard agents here notifying them of the steamer's accident. It was decided to land the passengers at this port and arrangements were made for their transportation. Tugs were sent out to meet the crippled steamer, and they assisted her into port.

The Ultonia sailed from Southampton on April 23 for Montreal. She is a four-masted, twin-screw steamship of 10,500 gross tonnage, with 500 feet length, 57.1 beam and 33.3 depth of hold. She was built for the Cunard line by Swan & Hunter in 1888 and was until last October engaged in the New York-Mediterranean service carrying second and third-class passengers. According to the reports received here last night, the Ultonia was 200 miles east of the Gulf of St. Lawrence when she was damaged. It was said in the message received from Captain William Frothero that the port propeller and tail shaft had dropped off, and the liner was proceeding to Halifax under her starboard propeller at a speed of nine knots.

MUST EXPLAIN

SAN FRANCISCO, May 6.—Philip Bayer was arrested by Detective Mackey this morning in a shack at Daly City and held pending an investigation as to how he came by a motor-cycle which he had in his possession. Bayer admitted that the machine was not his. It bears the license number of 746.

NEW PASTOR AT CHURCH OF ADVENT

Rev. William H. Wheeler, formerly pastor of St. Paul's church of Modesto who is the successor of Rev. Jerome K. Trivett, preached his initial sermon in the church of the Advent of East Oakland yesterday morning, when he was greeted by a large congregation.

During the morning and evening services, a program of vocal music was given under the direction of B. Walker Bourn who was assisted by local soloists. That were Miss Hazel A. Rann, Miss Alice Merlino, soprano; Miss L. M. Mattes, alto; Fred Furdy and Claude Koefler, tenors; Alfred C. Reed, baritone; E. Edwin Fossey, bass. Alfred Chaplin Bailey, presided at the organ.

Dr. Wheeler was recommended to the local pastorate by Bishop William Ford Nichols, and he was selected by the board of vestrymen of the church at a recent meeting. The clergyman is a graduate of the Church Divinity school of the Pacific and received his degree with the class of 1905.

STRUCK BY BASEBALL. SANTA CLARA, May 6.—Oscar Kohner, a son of Mayor Trustee Max Kohner, was struck on the head with a pitched ball while playing at San Juan in the game against Holliston. He was unconscious for several hours. He was removed to his home here and it is feared that he is badly injured.

DO YOUR TEETH HURT?

It's Your Own Fault if You Patronize an Unskilled Man.

After skillful dental work is done on your teeth you should have such comfort that you forget them entirely. You're to blame if you patronize an unskilled dentist and get poor work. Twenty years of study and experience gives me the right to say the above. I gladly refer you to anyone that I have done work for during the last five years in Oakland. Better have your teeth attended to at once—it's painless—and besides the sooner you have them attended to the better it is. You'll find my charges for the best kind of dental work are extremely reasonable.

DR. LEWIS W. WATTS, Dentist, S. W. Corner Twelfth and Webster Streets, Formerly 869 Broadway.

FOR YOUR HAIR

Here Are Facts We Want You to Prove at Our Risk.

Marvelous as it may seem, Rexall "33" Hair Tonic has grown hair on heads that were once bald. Of course, it is understood that in none of these cases were the hair roots dead nor had the scalp taken on a glazed, shiny appearance. When the roots of the hair are entirely dead and the pores of the scalp glazed over, we do not believe that anything can restore their growth. When Rexall "33" Hair Tonic will do as above stated, it is not strange that we have such great faith in it, and that we claim it will prevent baldness when used in time. It acts scientifically, destroying the germs, which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet necessity, is delicately perfumed and will not turn nor permanently stain the hair. We want you to get a bottle of Rexall "33" Hair Tonic and use it as directed. If it does not relieve scalp irritation, remove dandruff, prevent the hair from falling out and promote an increased growth of hair and in every way give you entire satisfaction, simply come back and tell us and without question or formality we will hand back to you every penny you paid us for it. We lend our endorsement to Rexall "33" Hair Tonic and sell it on this guarantee, because we believe it is the best hair-tonic ever discovered. It comes in two sizes, prices 50 cents and \$1.00. Remember, you can obtain it only at the Rexall Drug Co. stores in Oakland, San Francisco, Los Angeles, Sacramento, Portland, Seattle, Spokane.

CREATOR'S BATON EVOKES BRAVOS

Crowds Enjoy Stirring Music of Famous Bandmaster Now at Idora.

Idora Park entertained its full share of the Sunday crowds yesterday. From the earliest hour until the gates were closed in the evening, people from every section of the bay region thronged the spacious grounds of the pleasure park and appeared to enjoy all of the amusement devices that the park has provided. The weather was what a showman would call "typical park weather." This, of course, meant to bring big delegations from San Francisco. The various concessions seemed to welcome the advent of warm weather and rejoiced in the end of the gloomy days that have been the rule since the opening of the season. Creator's splendid band continues to be the major attraction.

The special Sunday afternoon music program was accorded a very hearty reception by the audience, and the evening numbers met with a like response. The fifth week of the Creator engagement shows no let up in the enthusiasm that this popular bandman has achieved. Each concert is especially noteworthy for its program and finish. The following is the program for the symphony concert on next Tuesday afternoon in the theater building:

March from "Tannhauser".....Wagner
Overture, "Der Freischütz".....Weber
Hungarian Dance No. III.....Brahms
Pierrot's "Suite de Concert No. I".....Grieg
(a) The Morning.
(b) Anna's Death.
(c) A Night Dance.
(d) In the Hall of the Mountain King.

INTERMISSION.
Chorus, "Hallelujah".....Handel
(a) Allegretto from Sonatina op. 36.....Clemente
(b) Chinese Dance from "The Nutcracker".....Tchaikovsky
Celebrated Minuet (for recds only).....Bocherini
Entrance of the Gods into Valhalla, from "Rheingold".....Wagner

LOSE ELECTION BETS AND EAT THEIR HATS

NEW YORK, May 6.—The Massachusetts primary mixup caused two New Yorkers, Albert Sedano, a contractor, and Harry Parker, a salesman, literally to "eat their hats." Sedano wagered that he would win the election of the state legislature. Parker planned his faith to the hat which Theodore Roosevelt had tossed into the ring. Both wagered the drinks and to "eat their hats" in case of the defeat of their presidential favorites and both lost. A passing cop caught them chewing the last of the unbaked bribe in an east side cafe and took them to the night court, where the magistrate dismissed them with a reprimand.

GERMAN WOMEN ARRANGE 'AFTERNOON'

A social afternoon will be given by the members of the German Ladies' Relief Society next Friday in Lincoln Hall. The organization, which numbers over 200 prominent German women, has for its purpose the aiding of needy German families. The officers of the society are: Mrs. J. Many, president; Mrs. J. Seubert, vice-president; Mrs. A. Werum, treasurer; Mrs. C. F. Heese, financial secretary; Mrs. Street, secretary.

DECIDE YOURSELF

The Opportunity Is Here, Backed by Oakland Testimony.

Don't take our word for it. Don't depend on a stranger's statement. Ask the statements of Oakland citizens.

And decide for yourself. Here is one case of it: E. B. Wrentham, 511 S. San Pablo avenue, Oakland, Cal., says: "I had a dull pain across my hips and I was also subject to headaches. Reading of Dean's Kidney Pills, I procured a box, and then I gave the prompt relief. I can say that this remedy has lived up to the claims made for it." (Statement given March 5, 1908.)

NO TROUBLE SINCE. On April 27, 1910, Mr. French was interviewed and he said: "I willingly confirm my former endorsement of Dean's Kidney Pills. The benefit this remedy brought me has been permanent and I have had no need of a kidney medicine during the past years."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Dean's—and take no other.

LU ET TA SMITH ASKS FOR AID

Dr. Burke in Jail, Yet Lawyers Got Money That Babe Now Needs.

Protesting at the inexorable hand of fate and the administration of the law in California, Lu Etta Smith, whose association with Dr. William Burke led to the latter's sentence in San Quentin on a charge of dynamiting a tenhouse at Sanitarium, where she was living with their infant son, has written from her home in Berkeley a letter to the press, outlining her position, now that she has no means of support.

The letter is as follows: "Berkeley, May 5. "What is the matter with the law? "That is the question I would like to ask.

"I always supposed that the law was an instrument of justice—that it was for the weak and oppressed. "But when the law allows its representatives to take and demand money from a man and then deliberately lets that man's child starve—what then?

"It was proved to the satisfaction of the court (it was admitted) that Dr. William P. Burke committed the crime of which he was accused—of blowing up the tenhouse I was occupying with the baby of which he is the father. If he committed this crime, it proves beyond doubt that he was the father of the child he tried to destroy—does it not?

"If he is the father of this child, why does the court not see to it that he provides for it? Why does not the court provide for the child and its natural protector until the child is able to take care of itself?

LAWYERS, NOT CHILD. "Instead of doing that the court has allowed the lawyers of the defendant, Dr. William P. Burke, to demand a large sum of money and are leaving the child to starve.

"I quote from the last letter of District Attorney Lea of Sonoma county, where the trial was held. "I cannot say anything definite or reliable to promise you; and again, it would seem to me by all means the best thing for you to do is to endeavor to get some employment to make your self self-sustaining, or partly so."

"Anything I could do would necessitate my getting some one else to take care of my child or putting it into a State institution. In the first place I know of no one with whom I could leave my child. And, in the second place, I would make a machine of a naturally bright child.

CANNOT SURRENDER. "And, last but not least, I am a woman 42 years of age, and mentally and physically broken down. With time and care I hope to make my life useful yet, I had already made any attempt to surrender myself for a line of work that has long interested me. In fact, when the child came I was preparing myself for this work. But it will take time and some money.

"I cannot give up my child to another. I love him better than this life. He needs me, and I need him, and he is worth the best I can give him. Any child is. At first I trusted Dr. Burke to do what was right. I trusted him to give me the power to get him to do what was right for his child, quietly and privately, before I publicly exposed him.

ASKED ONLY A HOME. "I did not ask for much—only a home and enough to live comfortably on. What I asked would not have been half the amount he has paid to his attorneys. "I trusted in the law. Now that has failed me, and I appeal to the people. Surely public opinion, or the good that prevails in all, can bring about justice when a lone woman and her few friends cannot.

"Yours truly, "LU ET TA SMITH."

MAKES REPORT ON CHURCH CONGRESS

Pastor of Plymouth Lectures to Laymen on New York Conference.

Rev. Albert W. Palmer, pastor of the Plymouth Congregational church of this city, who was a representative to the Christian Congregational congress of the mon and religion forward movement in New York, gave a report of the proceedings of the conference before an assembly of laymen and of laymen, yesterday afternoon in the First Congregational church, Twelfth and Clay streets.

The unsolved problems of Christianity was the theme of the congress. Phases of boys' work and foreign missions were discussed. In speaking upon the subject Dr. Palmer said: "The sentiment of the congress decreed the division of the church of God into warring denominations, and laid stress upon the great possibility of a close co-operation between the churches of the protestant denomination so that all might work together as the members of a great army."

In the course of his address he announced that the unsolved problems concerned boys' work, foreign missions, the country church and social questions.

W. N. Jenkins was one of the members of the Men and Religion forward movement committee of Alameda county, presided at the session. Rev. William Keeney Towner, pastor of the First Baptist church, led the devotional services.

JOKES WITH STRANGERS; MAY DIE AS RESULT

LOS ANGELES, May 6.—Because he joked three strangers while they were in the street yesterday, Frank Yeager, 214 East Fourth street is dying in the Receiving hospital from three wounds.

In company with two friends, Percy Carson and Albert Bull, and three girls, whose names the police have not ascertained, Yeager was walking on East Fourth street when he was joking the three men. He made some joking remark about their heads, the trio reeled angrily, and a few minutes later the entire trio was embroiled in the quarrel. They passed some distance along the street, still in loud dispute. In front of the men commenced to exchange blows. A few seconds later one of the strangers struck Yeager in the face, and Yeager fell back.

At the Receiving hospital it was found that he had been stabbed in the back, in the right arm and in the left side. All wounds made with a long-bladed knife, and one penetrating the lung.

WANT WORLD PENNY POSTAGE. BERLIN, Switzerland, May 6.—The Swiss Chamber of Commerce has taken the initiative with respect to world-penny postage, which it will advocate at the international congress of Chambers of Commerce to be held at Boston beginning September 21.

Eye Sight Specialist

Economic Value of Peace.

The approach of "Peace Day"—namely, May 18—which will be specially observed in the public schools throughout the United States, has prompted the issuance by the United States Bureau of Education of a bulletin compiled by Mrs. Fannie Fern Andrews, secretary of the American School Peace League, which shows the enormous cost of war and the colossal debts that it has forced modern nations to contract. These have been growing by leaps and bounds since the beginning of the nineteenth century. The cost of the maintenance of military and naval establishments increases each successive year and the national debts grow correspondingly.

National war debts began practically with the opening of the nineteenth century, or at that period when constitutional government began to take firm root among the more enlightened and progressive nations of the earth, as it gave stability to national credit in the world of finance. The Napoleonic wars, which raged during the first fifteen years of the century, plunged every nation in Europe involved in them in debt, from which they have not since been able to extricate themselves and probably never will succeed in doing so, unless a general disarmament is mutually agreed to by them. Peace is now preserved by a display of military and naval power, the expansion and cost of which keeps pace with the growth of the ambitions of rival nations. The maintenance of an armed neutrality has become as expensive now as the cost of actual war was a century ago.

Europe's war debts now aggregate \$26,000,000,000, bearing interest at a rate approximately a billion dollars a year. The major part of the money raised by every civilized nation on the earth goes practically to the support of the standing army and navy. And notwithstanding the isolation of the United States from the political entanglements of the Old World and the additional fact that it has not an avowed enemy anywhere and is bound by ties of blood and commerce to all civilized nations, it spends 73 per cent of its annual revenues for the support of the army and navy.

The Bureau of Education's peace bulletin says "it is estimated that the total direct cost of the armies and navies of the world each year, in time of peace, is two and one-half billions of dollars, which equals the total valuation of the wheat and corn crops of the whole of the United States."

However, the fear of war is consuming the homes of the rural and village populations of Germany, France, Great Britain and the United States, which is illustrated by the fact that, at the present rate of expenditure by these four countries to maintain an armed peace, they will spend during the next forty years for the support of their armies and navies an amount sufficient to build 20,000,000 rural and village houses costing \$2500 each, furnishing homes for 120,000,000 of people, which is a larger number than the combined village and rural population of these four nations. These figures are staggering, but they are doubtless not in any sense exaggerated.

San Leandro and the east end of this county will be greatly benefited by the extension of the electric interurban railway system of the Southern Pacific Company, to the former county seat, the letting of the contracts for which has already been made. The announcement that local commutation tickets will be issued covering transportation between San Leandro and Oakland is good news to Oakland merchants, as it will surely stimulate their business and add to Oakland's importance as the trading center of the territory on the eastern side of the bay and neighboring counties tapped by the steam and electric railways terminating here.

Recent Mexican History Repeating Itself.

Recent history is repeating itself with great rapidity and remarkable fidelity in Mexico at the present time. The revolution against Madero is to all intents and purposes a reproduction of the revolution of the Maderistas against Diaz and it has developed conditions which are an exact counterpart of those which forced the venerable ex-president to resign, flee the country and seek refuge in Spain.

Preceding the abdication of Diaz, the Madero insurrection had produced a state of anarchy throughout the republic and a lawless situation along the American border which compelled the United States government to mass its troops along the left bank of the Rio Grande, from El Paso to the gulf, and along the northern side of the line from El Paso to Tia Juana, to prevent the violation of the neutrality of its own territory and the protection of the lives and property of American citizens. Finally, the Mexican Congress was compelled to intervene in order to restore peace, the inability of Diaz and the federal army to accomplish it having been conclusively demonstrated. Congressional intervention resulted in Diaz's surrender of the presidency, his hasty departure from the country, the establishment of a provisional government, the calling of a special presidential election and the choice of Madero as President by popular vote.

Under exactly the same circumstances, the Mexican Congress is again preparing to intervene between the belligerent forces in the interest of peace and to prevent intervention by the United States government. As the federal army of Mexico is tainted with disloyalty now under Madero just as deeply as it was when Diaz ruled and is, therefore, equally unreliable, and, inasmuch as in all of the important battles which it has fought against the insurgents, whether the followers of Zapata or Orozco, it has been equally unsuccessful, the end of Madero's regime as President is plainly in sight. Madero has at no time shown the ability to cope with the conditions existing in the republic, and those conditions are today vastly worse than they were at any time during the official career of the ex-dictator. Madero will no doubt be forced by the Mexican Congress to resign and he has excited such bitter enmities during his brief administration that, in order to save his life, he will also seek an asylum abroad like his predecessor. Diaz was the only man in Mexico who correctly understood his countrymen and knew just how to govern them and maintain the public peace. Among the Mexican people generally he is probably vastly more popular today than Madero or any of the present insurrecto leaders and it would not be surprising if a popular demand should arise for his return to Mexico to resume the reins of government, notwithstanding his advanced age.

Chester Rowell is engaged in the congenial task of proving—to his satisfaction—that white is black. He argues at great length that thousands of voters in Massachusetts deliberately voted for the Roosevelt delegates after expressing a preference for Taft. According to his contention, they preferred Taft, but

voted to give Roosevelt the nomination. He conceals essential facts in the effort to make a plausible showing, but that does not matter—if possible some justification can be given for the scheme to steal the eight delegates at large from Taft. True, Taft carried the State by a plurality of 3655 over Roosevelt and a majority over all of 1920, but the people must rule and the people want Roosevelt, so the so-called progressives allege. Taft carried nine of the fourteen Congressional districts in Massachusetts and the State by a decisive majority, but by throwing out ballots which had been blunderingly stamped the Roosevelt delegates at large are given an apparent majority. If this arrangement is allowed to stand, the will of the people will be defeated by returning board tactics.

How to Swat the Fly.

Much is being said about the necessity of abating the house fly, but a good deal of its beside the point. The house fly is a menace to health as well as a foul, disgusting nuisance, and we cordially endorse all that is said in favor of its extermination.

The problem is not how to deal with the fly after he is once in existence, but how to prevent him coming into existence. Don't let him hatch. That is the way to get rid of him. Destroy his breeding places. You can screen your doors and windows and put out all the fly paper you please, and he will still be a pest. But if you clean up your premises, keep your garbage cans tightly closed and do not allow compost heaps and stable manure to accumulate there will be no places for flies to breed. The man who has a dirty stable in his yard or allows his garbage can to stand open will always have flies to dine with him. They come straight from the manure heap to his table.

Flies are the product of domestic filth. Let kitchen drainage flow on the surface of the ground and the spot becomes a breeding place for flies. An open garbage can is a fly incubator. A pile of stable manure will generate more flies in a day than one can kill in a month.

It's all right to swat the fly, but it is a thousand times better to swat the places that give him birth. If that be done the premises will be cleaner, sweeter and healthier, and the householder will have an easier conscience and be a more agreeable neighbor; and he will not be pestered with flies. Make war not on the fly, but on filth and dirt. Banish them and you banish the fly, foul odors and elements which propagate disease. If cleanliness be next to godliness, the fly is the incarnation of impurity, for he is animated filth. His is the degenerate life that springs from decay and putrefaction, and it is as essential to health, comfort and decency that decay and putrefaction be eliminated from the proximity of dwellings as that the housefly be destroyed. But in this instance it is only necessary to remove the cause to be rid of the product.

Former Mayor Edward Robeson Taylor strenuously objects to San Francisco accepting the \$750,000 Andrew Carnegie offered the city for the erection of a public library on the ground that the money is tainted. When San Francisco was in ruins and a large proportion of her inhabitants in dire distress, Carnegie made a large contribution to the relief fund. His money was accepted without question, as were contributions from many other "malefactors of wealth." Dr. Taylor did not then raise the cry of tainted money. If he had he would probably have been ducked in the bay or ridden on a rail. But the hour of acute distress has passed by and Dr. Taylor can safely raise a demagogic cry against accepting a gift to provide the city with a greatly needed public utility. We may think what we please about the methods by which Carnegie acquired his wealth, but his money is now his lawful possession. The dissolution of vast fortunes such as he possesses is very much to be desired, and if the money can be scattered by devoting it to some useful public purpose a double benefit will be conferred. Carnegie's gift is both lawful and honorable and there is no dishonor in accepting it, nor does acceptance of it imply condonation or approval of questionable methods of acquisition. Only demagogues and persons with morbid consciences think otherwise.

Twenty Years Ago Today

The game at the Oakland grounds yesterday between San Jose and San Francisco teams was a fine exhibition of baseball.

T. G. Brackett, a well-known citizen of Berkeley, was arrested yesterday on a warrant sworn out by W. A. Wallace, conductor of a local train, charging him with assault with a deadly weapon. According to Wallace he asked Brackett for his ticket and the latter replied that he had already given it up.

The graduating exercises of California College, at Highland Park, will be held on the 19th inst. The graduates are as follows: classical, F. Herbert Dam, Geo. E. Everett, William G. Randall; scientific, Clarence D. Eaton, Estelle Hardy, Minnie Hoppe, Hiroshi Muneda, George H. Resegule, C. Calvert Smoot, Charles N. Williams; English, Irene Hill, Edna Hill.

Hart H. North, John B. Sheppard and Isaac F. Chapman, three Oakland young men graduates of the High School, have successfully passed examinations in the Supreme Court at Sacramento and have been admitted to the bar.

William D. Foote, a nephew of W. W. Foote, is now chief clerk for A. A. Moore.

The papers in the contest of the will of the late Hugh Slicer were prepared this afternoon and will be filed at once. The contestant is Charles Slicer, a brother of the decedent, who was left \$1.

Oakland dogs are carrying off prizes at the bench show of the California Kennel Club in San Francisco. Among those which have already been awarded prizes are: R. K. Gardner's English setter pup A. K. I.; Richard Harnes' American Gordon, Pluto; Mrs. Roland's Gordon setter, Black Frank; A. M. Thompson's cocker spaniel, Snipe; J. B. McVoy's cocker spaniel, Molly Mc; and Mrs. E. J. Ferguson's puppy, Ko Ko.

Mrs. Prescott, superintendent of the Chabot Home, has resigned. She has accepted a new post in the east.

The Longfellow Memorial Association met last night at the home of Mrs. Alma Smith. Several papers were read.

WITTY BITS

Carnal contributions come home to roost. The square deal seems to have been lost in the shuffle.

Our idea of nothing for a candidate to worry about is the primaries in Delaware. Good opening for an ambitious dictator in Mexico; but could T. R. stand the enervating climate?

A Nebraska cyclone carried a school-house half a mile. A little education goes a long way in the wild and woolly West. No, but we do not think that the Missouri houn' dawg should be compelled to wear a muzzle; but the man who wrote it should.

Well, anyhow, there's one thing that may be said for the Hillsville outlaws—they wouldn't have tried to grab off the lifeboats.

Some newspapers are so progressive that they'd try to get a corner on the details of the judgment day disaster and delay the whole proceedings. Japanese schools are teaching children to write with both hands," observes the Cleveland Plain Dealer. But we shall not become excited as long as they don't learn to use two six-shooters at once.—Washington Post.

Once in a while a woman buys something at a bargain sale, only to discover after she gets home that it was just what she wanted.—Chicago News.

Better a night worker than a day dreamer.

GOVERNMENT AID to EDUCATION

The Page bill, now on the calendar of the Senate, would extend instruction in agriculture and mechanic arts to all secondary schools. It would devote \$14,000,000 or \$15,000,000 of federal money annually to technical education of the industrial army which does the work of the farm, the shop and the home. As it would teach several hundred thousand youths and mature workers annually, nearly all would eventually thus share in vocational education, now given to narrow classes of professional people.

This appropriation would lead millions of boys and girls to attend school two years longer, giving them one more of the general school subjects and one year in agriculture or in the trades and industries or in home economics. It ought to doubt the efficiency of the schools, as machinery multiplies the efficiency of the workman. This measure will cause to be established by the states and cities several hundred vocational high schools for the trades and industries, and in the country several hundred large agricultural high schools. It will enable the nearly 200 state normal schools and the fifty agricultural colleges to prepare teachers to give instruction in farming,

trades and homemaking. It will lead to the gradual establishment of ten to twenty-five consolidated rural schools, really country life schools, in each county, thus extending instruction in agriculture and home-making through a system of township high schools to within the reach of every farm boy and girl in the country.

All will agree that lack of education, which comprehends both general culture and training, to do well a specific thing is our greatest national handicap. We have no other natural resource so responsive to cultivation as the young people. Vocational education adds knowledge, skill, and inspiration to do things which produce wealth and contribute to the welfare and happiness of all.

This kind of education will so train the people that they can add hundreds of millions to the present production of American farms and factories. It will help to increase the incomes for homes, and increase the knowledge and skill of those who make out homes. The government could not devote itself to a more noble and useful task than the spread of education through such a plan as the Page bill provides.

THE ADAMLESS EDEN

The suffragettes have come another type on the back of a postage stamp. The French heel and the hobble proved to be entirely inadequate to the emergencies which confronted the charming young Maud Mullers, and one by one they deserted the milking stool and the churn and returned to the ribbon counter. The farm, we learn, "was stocked with pigs, cows and horses, but all of these have now been sold." Pigs, cows and horses are all right, and nobody will question the assertion that they are essential to well-ordered rural life, but Mrs. Belmont appears to have overlooked one thing which might have made the barnyard more attractive, and made her experiment a success. It is now apparent that no successful farm, suffragette or otherwise, can be conducted on the Adamless Eden theory.—Washington Post.

Just Say Hires

Simply fine in its appeal to the taste, Hires is the best of Summertime drinks. And it's pure—the drink of health.

Saps of trees, nectar of flowers, essence of roots and herbs, make its splendid tonic properties. Nature's bracing, refreshing juices—but not a trace of drugs. No need to say "rootbeer." The one word "Hires" is enough.

5¢—snappy, sparkling from the fountain. At your home, carbonated, in bottles.

YANKEE CUTTER TO GUARD BERING SEA

Tahoma Will Watch for Seal Poachers and Do Patrol Duty.

SEATTLE, May 6.—The revenue cutter Tahoma sailed from the Puget Sound Navy Yard today to take part in the Bering sea patrol. Beside keeping a lookout for seal poachers, the Tahoma will guard the western portion of the Aleutian Archipelago, carrying mail aiding sick natives, helping distressed fishermen and holding court in petty cases. As Great Britain, Japan, the United States and Russia have forbidden the killing of seals in Bering Sea by citizens of those powers it is assumed that no vessels under their flags will molest the seals for the punishment would be confiscation of the boat and long imprisonment of the men. It is possible that poachers may sail under the flags of other nations. If an unfamiliar flag is sighted in Bering Sea, the vessel will be stopped and searched at once. The revenue cutter officers do not expect to meet such boats but are prepared to act vigorously if they do.

ATTORNEY PASSES AWAY
SAN JOSE, May 6.—William A. Bowen, one of the best known attorneys of the city died suddenly at his home on the Alameda, following an attack of heart failure. He had been ill for almost a year, but during the past three or four months he was believed that he was on the road to recovery. He was an active member of the local bar for the past twenty-five years.

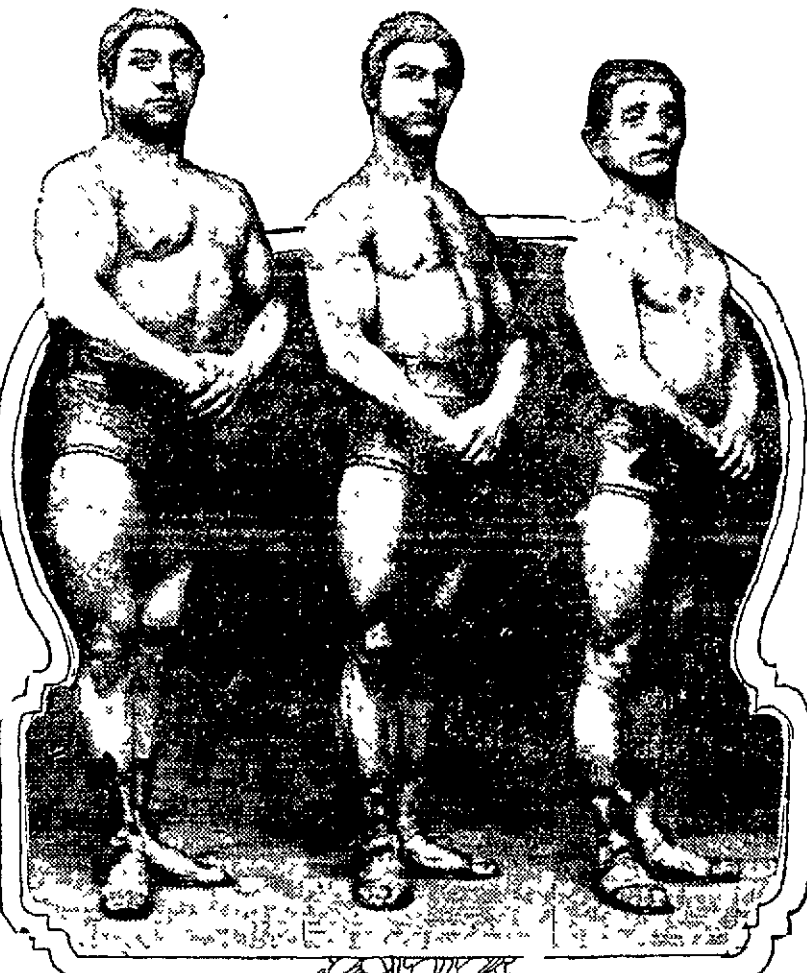

ELDERLY FOLKS! CALOMEL, SALTS AND CATHARTICS AREN'T FOR YOU

Harmless, Gentle "Syrup of Figs" Is Best to Cleanse Your Stomach, Liver and 30 Feet of Bowels of Sour Bile, Decaying Food, Gases and Clogged-Up Waste.

You old people, Syrup of Figs is particularly for you. You who don't exercise as much as you need to, who like the easy chair, who have a bowels are slow and whose muscles are less elastic. You must realize that your liver and ten yards of bowels have also become less active. Don't regard Syrup of Figs as a physic. It stimulates the liver and bowels just as exercise would do if you took enough of it. It is not harsh like salts or cathartics. The help which Syrup of Figs gives to a torpid liver and weak, sluggish bowels is harmless, natural and gentle. When eyes grow dim, you help them. Do the same with your bowels and bowels when active make them less active. There is nothing more important. Costive, clogged-up bowels mean that decaying, fermenting food is clogged there and the pores or ducts in these thirty feet of bowels

suck this decaying waste and poisons into the blood. You will never get feeling right until this is corrected, but do it gently. Don't have a bowel wash-day, don't use a bowel irritant. For your sake, please use only gentle, effective Syrup of Figs. Then you are not drugging yourself. Syrup of Figs is composed of only delicious figs, senna and aromatics which cannot injure. A teaspoonful tonight will gently, but thoroughly, move on and out of your system by morning all the sour bile, poisonous fermenting food and clogged-up waste matter without griping, nausea or weakness. But, best of all, ask your druggist for the full name, "Syrup of Figs and Elixir of Senna." Refuse, with contempt, any other Fig Syrup unless it bears the name—prepared by the California Fig Syrup Company. Read the label.

PLAYLET AT BELL THEATER HOLDS AUDIENCE BREATHLESS

THE APOLLO TRIO, stars of splendid vaudeville bill at Bell Theater, this week.

Dealing with equality of the sexes in no gentle manner, "The Point of View," a Montague playlet, held yesterday's Bell theater audiences breathless. The tabloid handles questions usually discussed in whispers, with unglorified hands, stripping right and left the favorite argument of those who break the seventh commandment. The Chick Chapman company give a remarkable presentation of "The Point of View," taking advantage of the moral it teaches to give intelligent publicity to it. The playlet is bound to be one of the

AUTO SPEEDWAY RECORDS BROKEN

Five New World's Records Established at Motordrome in Santa Monica.

SANTA MONICA, Cal., May 6.—Five new world's speedway records were established at the motordrome-one-mile picnic yesterday afternoon by drivers and cars participating in the Santa Monica race. Calab Bragg in the ninety-horse power Fiat, which he drove into second place in Saturday's classic, broke the world's five-mile record for all classes held by Ralph de Palma, lowering the latter's mark by more than 4 seconds. His time was 3 minutes 11 1/2 seconds. Louis Disbrow, in the Simplex Zip, broke Olafsen's record for the same distance for 600 cubic inch cars and Joe Nikrent, in a Case, broke Ray Harrison's record for cars of the 500 cubic inch class. Disbrow's time was 3 minutes 25 1/2 seconds, almost 13 seconds faster than the former record and Nikrent's time 3 minutes 11 1/2 seconds, was more than 11 seconds faster than the previous record.

Disbrow, in a Case, also established a new ten-mile record for cars of the 300 cubic inch class, his time being 7 minutes 42 1/2 seconds. The fifth record broken was that for 25 mile run by the same class previously held by Harrison. Nikrent covered that distance in 18 minutes 53 1/2 seconds, almost a minute faster than the old record. The last record was made in an exciting race between Nikrent and Ralph de Palma who was driving the Mercer with which he won the medium car race at Santa Monica Saturday and in which Nikrent in two five-mile events. The fastest mile of the day was driven by Disbrow in the Jay Eye See in 38 seconds flat. T. J. Wagner officiated as starter and the races were electrically timed.

TWO SAILORS KILLED IN PORT COSTA TUNNEL

MARTINEZ, May 6.—Becoming confused in the dark recesses of the Vallejo Junction tunnel, near Port Costa, when they heard the whistle of an approaching train, Robert K. Losolt, aged 24 years, and S. Anderson, aged 26 years, quartermasters on the Pacific Coast Steamship Company's steamer Emerald at dock at Port Costa, ran directly in front of the Southern Pacific passenger train No. 102, bound to San Francisco from Fresno, at 11 o'clock Saturday night, and were instantly killed.

The bodies of the two sailors were mangled beyond recognition, their identity being made known only by letters in their clothes.

It was learned aboard the steamer that Losolt's home was in Spokane, Wash., but no information has been found regarding relatives or the home of Anderson.

EMBEZZLER IS IN JAIL
NORWICH, N. Y., May 6.—Frank Arnold, former cashier of the First National Bank of New Berlin, and confessed embezzler of the wrecked bank's funds in a sum exceeding \$300,000, was a prisoner last night in the hospital ward of the local jail, broken in spirit and praying for death to relieve his physical and mental torment. He will be arraigned before United States Commissioner Flanagan and held for the federal grand jury.

KILLED IN EXPLOSION
WALLACE, Idaho, May 6.—Colonel McAllister and Hugh McGraw, miners, were instantly killed by the premature explosion of a round of shot in the tunnel of the Ajax mine, near Burke, Idaho. McGraw's head and left arm were blown off. McAllister was killed by the concussion. James McPhail was perhaps fatally injured.

most widely discussed put on the stage, this season. Vaudeville's stand-by, the strong man act and its various offshoots will be favorites as long as there is a hint of variety about the stage. The Apollo Trio, three splendid specimens of humanity, in plastic poses, reproducing bronze classics, quickly demonstrated, yesterday, their claim to being one of the best acts on the vaudeville boards. Displaying remarkable physique and a wealth of grace, these men won their audience quickly and held attention to the end of their time behind the footlights. All of the well-known classics in bronze statuary are faithfully reproduced. To Mumford and Thompson may go the honor of possessing the rare combination of ability and dancing voices. These is the right idea of comedy. They start the laugh early and keep it up for a long time, being compelled to take several curtain calls.

Lee Zimmerman's whistling impersonations have become famous during his stay in vaudeville. The birds of the air have been studied carefully and their songs are given voice in a remarkable manner. Zimmerman's rendition of classics is well done and he proved an ideal feature of the new bill.

Buffalo Bill appraised the costumes worn by Leo Worley at \$1,000. Worley is a cowboy violinist who plays the instrument with a howl improvised out of a pistol. His limitations are good and his playing above the average.

Joseph Spisell and his company of Knockabout comedians open the program with as lively an act as the Bell has had in some time. "A Soldier's Dream" the introduces much of everything, including an airplane and a pretty girl. Their pantomime and acrobatic work are of a high order.

Comedy motion pictures are added and provide more amusement for a full surfeit of it. Yesterday opened the popular-placed summer shows and judging from the crowds that took advantage of the occasion interest will be high and audiences large.

POLITICAL LEADERS IN FOR FLYING

Charles F. Adams Declares Equal Suffrage Is Only Real Democracy.

CHICAGO, May 6.—In an address before the Society of Anthropology here, last night, Charles Frederick Adams of New York attacked the political leaders of the present day, characterizing them as "not the wise, the learned, the good, the studious or the esteemed of their fellow men, but the opposite."

He declared there will be no real democracy until the women are granted equal rights at the ballot box. "We need the advice of our sisters, and want their fullest consideration of our political institutions," he said. "The women demand righteousness and they have never compromised—hence the present day saying 'We place not only our property, but our religion, in our wives' names'."

WOULD EXCLUDE JAPANESE
WASHINGTON, May 6.—The Greenville, Cal. Chamber of Commerce has sent petitions to members of the California Congressional delegation urging them to work for the passage of Representative Baker's Japanese exclusion bill.

INDIAN PRINCE ROBBED.
PARIS, May 6.—The Maharajah (Tintin) of Jaitore, India, was robbed of jewels valued at \$120,000 yesterday while traveling from Marseilles to Paris. There is no clue to the thief or thieves who secured the jewels.

YOUTHFUL BANDITS HOLD UP STREET CAR

LOS ANGELES, May 6.—F. E. MacDown, conductor, and E. Bassett, motorman, of an East First street car of the Los Angeles Railway Company were held up and robbed at an early hour only a few blocks from the center of the city, according to a report which they made to the police.

They declared the bandits were mere youths, wearing the necks of their sweaters turned up about their faces in lieu of masks. The car men said the boys jumped aboard as they were coming in on the last run, and at the point of a gun, forced them to give up their valuables. These amounted to about \$30. The boys then jumped off and escaped.

TRAMP KILLED IN DERAILMENT.
CHICAGO, May 6.—Part of train No. 12, on the Chicago and Alton, from Kansas City for Chicago was derailed near Springfield, Ill. A tramp who was riding on a brake beam was killed.

VON BIEBERSTEIN MAY BE AMBASSADOR TO LONDON

LONDON, May 6.—The London morning papers are impressed by the reports that Baron Marshall von Bieberstein, the German Ambassador at Constantinople, is likely to be appointed Ambassador at London. They believe such an appointment would have great significance and probably would herald an era of better relations with Germany.

WILL LOCATE ICEBERGS.
COPENHAGEN, May 6.—A Danish inventor claims to have made a discovery which will enable steamships to accurately locate icebergs and rocks at a distance of 1200 yards through either darkness or fog. He refuses to explain his discovery or give any details, but says it is very simple. He will offer the device to all the transatlantic steamship companies as soon as it has been patented.

HEART--TRIBUNE'S PAGE FOR WOMEN--HOME

Society

MISS MAY BURFEIND, member of a local dancing club, among whom she takes an active part.

A MODERN gent wowed his hand on Saturday night, according to the accounts of Oakland folk who were transported to the country scene of the C. H. in a Dougherty at Pleasanton, which was converted into a scene from the Arabian Nights, with the gardens glowing with light shimmering on the rich greens of the guests, while hundreds of lanterns shed their witchery over the scene, and the air was filled with the scent of thousands of flowers. J. Witt Dougherty was the Aladdin of the evening and with his parents, ray-like, welcomed the guests, who began arriving at 8 o'clock, "the hour of the lighting of the lanterns."

The magnificent grounds surrounding the home were ablaze with hundreds of lanterns of all sizes and descriptions, numerous summer houses were brilliantly alight, while the tea houses were illuminated in various picturesque ways and in which refreshments were served during the evening to the guests who came from all the bay cities and numbered about 300. There were fireworks, and a band of music, and a feature of the entertainment was the singing of a colored quartet.

The winding road, which is half a mile in length and extends from the entrance of the grounds to an out-of-door theater was utilized with colored lanterns, and in this space vaudeville stunts were given. The Doughertys formerly made their home in Fruitvale, and also lived for many years at the Palace Hotel across the bay. Among those who motored from the bay cities were Mr. and Mrs. Frederick Stolp, Miss Inez Etudillo, Judge and Mrs. T. W. Harris, Miss Elsie Marwedel, Mrs. George Knight, Colonel Kirkpatrick and Miss Kirkpatrick, Miss Hazel Harlan and a number of others, who are enthusiastic in their descriptions of the fête.

BRIDES-TO-BE

The June brides prominent in bay city society who will be given a round of entertainments, are Miss Jennie Crocker, Florence Hopland, Elise Schuler, Elizabeth Stetson, Antoinette Keyston, Miriam McNear, Minna Van Bergen, Kathryn Bacon, Alice Poorman, Katherine Oliver, Helen Sullivan and Amy Bowles. The latter will be married on May 25.

ENGAGEMENT ANNOUNCED

Miss Esther Sadler, daughter of Mr. and Mrs. Frank B. Sadler of Berkeley, announced her engagement on Saturday to Robert R. Kane of Independence, Ia. The news was told at an afternoon given for Miss Isabel Beatty, another bride-to-be. The guests asked for the afternoon were: Miss Carmel Riley, Miss Marion Hunt, Miss Mildred Beckley, Miss Fannie Whitman, Miss Margaret Witter, Miss Catherine Walker, Miss Mildred Kelley, Miss Lucy Phillips, Miss Dorothy Phillips, Miss Dorothy Wilkinson, Miss Ethel Wickson, Miss Ruby Morse, Miss Margaret Buchanan, Miss Mary Riley, Miss Margaret Kelley, Miss Alice Hiestand, Miss Grace Griffiths, Miss Charlotte Blodgett, Miss Catherine Scott, Miss May Chase, Miss Anne Elgin, Miss Barbara Green, Miss Myrtle Gallego, Miss Lucille Wickson, Miss Hazel Roberts, Miss Chester Blatonsart, Mrs. H. Edelen, Mrs. Carlton Jockel, Mrs. Bertrand L. York, Mrs. John A. Britton, Jr., Mrs. Edwin Kruse.

SURPRISE PARTY

A surprise party was given Miss Vera Whipple at her home on Monticello avenue on Friday, May 3, in honor of her birthday. The evening was spent in singing and games after which a supper was served. Those present were: Miss Florence Borgstrom, Miss Irene Hurley, Miss Louise Hurley, Miss Vera Whipple, Miss Helen Driscoll, Miss Eva Mosey, Miss Dorothy Driscoll, Miss Charlotte Lawson, Miss Selma Bergstrom, Miss Lila Babcock, Miss Harry Whipple, Miss Ernest Rodwick, Guy Whipple, Forrest Whipple.

SOCIAL EVENING

Miss McCormick, a senior of the Oakland High school, entertained a number of her classmates last Thursday evening at her home, 1421 Benton street. Among those present were Hazel Bailey, Martha Chichester, Julia Knight, Chester Thompson, Lulu Maloney, Mabel Neal, James Sheldahl, Arthur White, Chester DeLaney, Edmo, Carl Truelsen, Benjamin Kvalotte, Carl Truelsen and Louise Gray.

TO REOPEN HOME

Mrs. Amos McCartney will reopen her beautiful home on Bay Farm Island on May 18.

TO GO SOUTH

Mr. and Mrs. G. O. Ocheltree's friends are regretting that they will not leave Berkeley to make their permanent home in Los Angeles.

TO BE JUNE BRIDE

Miss Catherine Oliver and Paul Fay will be married on Tuesday, June 4, at the country home of Mr. and Mrs. B. P. Webb, near Los Angeles. In the bridal party will be Mr. and Mrs. Paul Fay, the latter of whom was Miss Torcia Funtich, Mr. and Mrs. Joseph Soliz, Mr. and Mrs. George Merle, Miss Helen Laver, Miss Jean Oliver, Miss Violet Oliver, Marshall Bull, Robert Powers, Clarence Fay and Peter Freeman.

MARRIED YESTERDAY

Miss Phoebe Rinner became the bride of Robert Ward Harnden yesterday afternoon at 2 o'clock at the home of Mrs. B. J. Graham.

MUCH LOVED AMONG A WIDE CIRCLE OF FRIENDS

Since her return from abroad, where she traveled a year with Miss Alice Graham, she has made her home with Mrs. Graham. She wore an exquisite, bridal gown, brought with her from Paris. It was of ivory satin on empire lines and beautifully trimmed in lace. The veil was held in place with a bandeau of orange blossoms. Misses of the valley with orchids formed the shower bouquet. She wore a handsome robe of white lace over white satin. Christopher Dowling assisted the bridegroom as best man. Mr. and Mrs. Harnden will establish their home in Berkeley on their return from the honeymoon. Both young people are popular in society of the bay cities. Harnden belongs to a well known family of the Hawaiian Islands. He is a brother of Mrs. W. H. Gibbons.

SPEND HONEYMOON IN SOUTH

Mr. and Mrs. William J. Layman are spending their honeymoon in Southern California. Mr. and Mrs. Charles Ayres have returned from their honeymoon in the southern part of the state and are living at the family home of the Ayres in the Lakeland district. Mrs. Ayres' friends are expressing their deep sorrow over her father's death, which occurred last week.

TEA AND CALE

The Junior branch of the Chancel Chapter of St. Paul's Episcopal church will give a tea and sale on Saturday, May 11, at the home of Mrs. Theodore Drege, 120 Adams street.

REOPEN HOME

Mr. and Mrs. Joseph Hirschner have opened their suburban place near San Leandro for the summer months.

TO BE ENTERTAINED

Miss Cecile Childs, fiancée of Charles Harold Ramsden, will be given a number of affairs before her wedding. The engagement was recently announced at a luncheon given at the family home in Fruitvale.

HOTSESS ON WEDNESDAY

Miss Clio Posey will be a hostess Wednesday, entertaining for Miss Myra Hilly and Miss Elizabeth Orlick.

Miss Madeline Clay, Miss Letitia Barry and Mrs. P. M. Butler will be hostesses at smart affairs on the same day.

TO DEPART NEXT MONTH

Mr. and Mrs. E. B. Stone, Miss Stone and Miss Marion Stone, will close their home in San Francisco next month, and will go to their summer camp on the Russian river.

TO BE HONORED GUEST

Miss Alice Allan will make Miss Valma Hardy the honored guest on Saturday. On the same day, Miss Mullen Winsor will compliment Miss Myrtle Stansage.

RECEPTION AND DANCE

The reception which Mrs. Thomas Watson Cushing will give on Friday will be followed by the dance at which her daughter, Miss Carmen Ghirardelli, will entertain the younger local set. On the same evening a costume ball at "Palm Knolls" will be given in honor of Miss Katherine Fink.

ENGAGEMENT ANNOUNCED

The engagement of Miss Helen F. Taylor and Albert Denton was announced.

WOMEN IN THE NEWS

ASTOR LEAVES BRIDE OF FATHER TO SEEK SOLACE WITH MOTHER

Dispels Doubt That He Is Devoted to First Wife of Dead Millionaire.

NEW YORK, May 6.—Vincent Astor has been in seclusion practically for the last 24 hours at the home of his mother, Mrs. William Astor. Since the Titanic disaster and during his father's funeral he had been so attentive to his father's beautiful young widow as to arouse comment from those who doubted that the chief heir of the Astor millions was devoted to his mother.

The youthful head of the Astor family, for he is still a minor, battled heroically against his own grief at the loss of his father the sake of supporting and comforting Mrs. Madeline Force Astor. He gave personal attention to her every wish and made sure that the instructions were carried out. He was considerate of the fact that the young widow's father was too nearly an invalid to support her at the funeral service and tenderly escorted the girl wife through that ordeal.

But immediately after bringing the widowed bride to the Fifth avenue mansion, Astor hurried to the side of his own mother. For hours they remained together. Miss Alice Muriel Astor, the sister of Vincent, had been taken directly to her mother from the cemetery. At no time did she come directly into contact with Mrs. Madeline Force Astor during the service, nor did she visit the Astor home in Fifth avenue.

Those who may have doubted Astor's devotion to his mother may be convinced that they are wrong. The young millionaire sought the solace of his mother's comforting presence again yesterday and remained with her for a long time.

Astor's future plans have not been announced, but from an authoritative source it is learned that he will not return to Harvard this spring.

The will of the late Colonel Astor was not read to the family as had been expected. But it is believed by those close to the family that the principal heirs have been informed of its chief provisions and that it will be filed for probate almost immediately.

Contrary to a widespread belief, another heir to the Astor fortune is not expected before early fall. Mrs. Madeline Force Astor is, of course, in seclusion now. Her plans for the next few months are not known. She is expected to remain at the Fifth avenue mansion for the immediate future, but with the approach of the hot summer months she may retire to some secluded country place.

Those who may have doubted Astor's devotion to his mother may be convinced that they are wrong. The young millionaire sought the solace of his mother's comforting presence again yesterday and remained with her for a long time.

'Cut Out' Slang

WELLESLEY, Mass., May 6.—Slang has made such inroads into the English of the college girls that drastic measures to prevent its employment are about to be inaugurated at Wellesley College. The undergraduates, who are deeply deploring its usage, are still its chief offenders. In order to put a stop to the custom, in so far as this is concerned, a fine of a nominal sum is to be levied on all well-to-do girls who are caught using such objectionable expletives, the sum thus obtained to go to the student government building fund.

"My dear" is slang at Wellesley. Some might not object to that. But then there is "dear," "dewdabe," "piffle," "bats," "straight," "dude," "cut the chunks," "two peanut," "crushes," "ol," "T. M.," "V. L. Z.," "kimmie," and so on.

"Celebs" means a person you admire for her achievements. "Dewdabe" is an "crush" is a person a girl may fall back upon when her genuine friend is out of town. A "piffle" and "pouffe" have the same meaning, namely, that of a person who is not on the square. A "scream" is "hah! hah!" when she is dressed or "dotted" up.

RETURNS HOME

Mrs. George Nusbaum, who has been taking an extensive trip, including in her itinerary the canal zone, returned to home here last week.

LEAVE FOR SUMMER OUTING

Mr. and Mrs. E. J. Holt, Miss Hazel and Miss Ruth Holt have left for their summer place near Clear Lake.

PERSONAL MENTION

RALPH YOUNG was in Petaluma over Sunday, visiting his parents, Mr. and Mrs. George C. Young.

MRS. O. T. BARNES stopped over in San Francisco a few days ago while on her way to Los Angeles.

MISS LOUISE OVERDECK spent Sunday in Napa as the guest of relatives.

MISS M. KUNT, accompanied by Miss Beale Kanally, arrived in Lincoln a few days ago, to remain for a short visit.

HENRY SCOTT was in Sacramento recently on business.

J. C. DANA is in Berkeley, where he will reside in the future.

GEORGE RAY was among the arrivals in Sacramento last week.

S. L. REDEMAYER was in Stockton recently, looking after business interests.

MISS J. O. RUED is in Santa Rosa visiting Mr. and Mrs. A. Friel.

MRS. J. L. BARNES arrived in Oakland a few days ago and will remain as the guest of her daughter, Mrs. Paul Hinton.

MISS ELANA BROWN was in Santa Rosa on Wednesday, visiting Miss Dorothy Coda.

F. LELORY was in Sacramento a few days last week.

MRS. ROBERT BURBANK is spending a fortnight with her mother, Mrs. Esther Buchanan, in Pittsburg over Sunday, visiting Mr. and Mrs. William Aikman.

Mrs. HARRIET BARTLEY is in Pacific Grove, having extensive improvements made to her property in that city.

MR. and MRS. HARRY HAYOT were guests of Mr. and Mrs. George Waple of Hollister last week.

MRS. BESSIE MAINWYSE is visiting friends in Hill Valley.

M. F. NIELSON, who has recently returned from Denmark, was in Newman a few days ago.

MRS. J. A. HARPER is a guest of Mrs. G. H. Whitworth in Newman.

DON PHILIBROKS left Red Bluff a few days ago and will visit friends in Chico on his way home.

J. M. HANSON purchased a farm in Patterson last week.

BISHOP STUBBS IS DEAD.

LONDON, May 6.—The Right Rev. Charles William Stubbs, bishop of Truro, died early yesterday. He was the author of many publications and from 1881 to 1905 was the select preacher at Cambridge.

Beautiful Sadness

By LILLIAN RUSSELL

(Copyright, 1912, Lillian Russell.)

FEW women can be beautiful in sadness for the fact that the expression of sadness draws down the muscles of the face and generally dulls the eyes and mouth. Resignation is a dangerous expression to beauty, without the thought of hope or truth back of it. To be resigned to a fate is impossible unless the quality of the resignation is belief in the inevitable, being all good. When Guido painted the sad, beautiful face of Beatrice Cenci he portrayed the likeness of one of the saddest young women in history. She was the 14-year-old daughter of the wicked Count Cenci. The beautiful Beatrice was painted by Guido. Whiteside's translation says that it was drawn from life in her cell by Guido, who was disguised as a writer in the courts of justice. "She had risen from her miserable pallet, but unlike the wretched inmate of a dungeon, she seemed a being from a brighter sphere. Her eyes were of liquid softness, her forehead large and clear, her countenance of angelic purity, mysteriously beautiful. Around her head a fold of white muslin had been carelessly wrapped, from whence in rich luxuriance fell her fair and waving hair. Profound sorrow imparted an air of touching sensibility to her lovely features."

"Farinacci (her advocate) conversed with her for some time, while at a distance sat his companion, sketching the features of Beatrice. Turning round she observed this with displeasure and surprise. Farinacci explained that this seeming writer was the celebrated painter, Guido Reni, who earnestly desired her picture. At first unwillingly, but afterward consenting, she turned and said: 'Signor Guido, your renown might make me desirous of knowing you, but how will you undervalue me in my present situation? From the fatality that surrounds me you will judge me guilty. Perhaps my face will tell you that I am not wicked; it will show you, too, that I now languish in this prison, which I may quit, only to ascend the scaffold. Your great name and my sad story may make my portrait interesting,' and she added with touching simplicity: 'The picture will awaken compassion if you write on one of the angels innocent!'"

Dickens says of the picture: "The portrait of Beatrice Cenci is a picture almost impossible to be forgotten. Through the transcendent sweetness and beauty of face there is a something shining out that haunts me."

"Some stories say that Guido painted it the night before her execution, others that he painted it from memory, after having seen her on the way to the scaffold. I am willing to believe that, as you see her on the canvas, so she turned toward him in the crowd from the first sight of the ax and stamped upon his mind a look which he has stamped on mine as though I had stood beside him in the concourse."

The picture now hangs in the Barberini Palace at Rome. The Palace of Cenci is still visited by tourists. The innocence of Beatrice was the cause of her retaining all her beauty through torture and sorrow. Had she been guilty of crime there would have been no beauty to inspire Guido to perpetuate her likeness and story. Remember, that the beauty of purity and goodness are the only beauties that live.

Lillian Russell

Answers to Queries

MRS. L. E. W. B.—You can buy cocoa butter at any drug store.

A. T. T.—Yellow vasoline is excellent for dandruff in the eyebrows. Apply it every night and morning. Also brush carefully with an eyebrow brush each night and morning. Such a brush may be purchased for a small sum at any drug store. If you care for them, send me an addressed envelope and I shall be glad to send you formula for a good eye wash and a set of exercises for strengthening the eyes.

A READER—The hair should not be washed oftener than three times a month. There is a certain amount of electricity in everyone's body. Sometimes if the weather is cold the electricity makes the hair dry. If a rubber comb is used

it will cause electricity in the hair. Send me an addressed stamped envelope and I shall send you the formula for a shampoo for oily hair.

M. F.—To develop the legs sit on a chair, place the feet flat on the floor, press forward, throwing the weight on the ball of the feet. Press hard against the floor. Relax the feet and repeat many times. Don't wear shoes while doing this exercise.

W. F. R.—I think your scalp needs a good hair tonic, and I would advise you to try and not scratch your head, but when it itches rub it gently, as I think you have probably irritated the skin with your nails. I will be glad to send you a tonic if you will write me again, asking for it, enclosing a stamped, self-addressed envelope.

HELEN—Hang nails are disagreeable things and painful. They are caused from improper manicuring. If the cuticle is not kept properly pushed down it will split and cause hang nails. To keep the nails in proper condition they should be manicured at least once a week, and each morning after washing the hands they should be cleaned, and the cuticle pushed gently down with the blunt end of the orange wood stick. Be careful and do not use sharp instruments under the nails, as this injures the delicate surface and it is almost impossible to keep the nails clean. If you neglect your nails it will take some time to get them in shape again. About ten minutes each morning and a half hour each week is not much time, and I am sure you will not think it wasted when you see the results after a few weeks. I shall be glad to send you full instructions for manicuring if you will send me a self-addressed envelope.

OAKLAND'S BOYS AND GIRLS

EDISON TO COLLECT MOTION PICTURES FOR SCHOOLS

ORANGE, N. J., May 6.—Thomas A. Edison expects to spend \$3,000,000 and devote eight years to the work of perfecting a repertoire of educational films that will meet the requirements he has set to make the moving picture useful in the classroom.

Edison is confident that the moving picture film is destined to become an indispensable adjunct of the schoolroom. He has already had a number of films made, among them one which shows magnified millions of times, the process of chemical crystallization of certain substances.

Edison expects to send into all corners of the earth, gathering material for his films. When his task is finished the people of the future will have the opportunity of becoming acquainted with the activities of the world and of a nature that adults today have not even dreamed of.

Hundred and Sixteenth street and looked up on a charge of intoxication. She was turned over to a probation officer to be held for examination next Tuesday. She refused to divulge her whereabouts since her disappearance.

Find Richeson's Fiancee

NEW YORK, May 6.—A veil of mystery was thrown around the identity of "Miss Edwards," one of the workers in the God's Providence Home in Brooklyn street by the officers in charge of the mission yesterday. According to stories published in Boston, the "Miss Edwards" who has been working among the children in the Bowery Mission is none other than Miss Violet Edmunds, fiancée of the Rev. C. V. T. Richeson, the minister who is to be consecrated this month for the murder of Miss Avis Linnell.

A la American

SHANGHAI, May 6.—The first Chinese marriage ceremony conducted according to Western style, was celebrated here yesterday. The service was non-Christian, but in all other respects followed the custom of a European wedding. The bride wore a veil and was attended by three bridesmaids. The bridegroom wore a frock coat and a silk hat. The couple exchanged rings, and a full band played the wedding march.

Missing Girl Found

NEW YORK, May 6.—A mysteriously missing since March 25, Miss Elsie Nichols, a 17-year-old girl of Winchester, Va., and said to be a niece of the late Secretary Daniel M. Virginia, was found yesterday in a hallway at 218 West One

AROUSE INTEREST IN WORLD EVENTS

ANSON BILGEE.

Freshmen of the different high schools are organizing debating teams for the purpose of awakening an interest in questions of the hour. Anson Bilgeel, who was one of the orators of the Grant School, is a student in the freshman class of the Oakland High School.

The various grammar schools of this city are preparing debaters for the higher institutions of learning. Debating societies are being formed by the members of the grammar schools.

In speaking to one of the teachers in the Grant School in regard to the advantages of debating, she declared that it was one of the most effective means for developing confidence in the child.

URGES BETTER PAY FOR SCHOOL TEACHERS

WASHINGTON, May 6.—Higher and more thoroughly equipped teachers are urged for the public schools of the country by Dr. P. P. Claxton, United States Commissioner of Education in his annual review of educational conditions soon to be distributed by the Bureau of Education.

The report which deals with a period covering the first ten years of the present century, shows that though the average monthly salary of male teachers increased 28 per cent and the salary of female teachers 27 per cent the average annual pay for public education is less than \$1 per capita in 25 states and less than \$2.50 per capita in 10 states. The number of public schools increased within the period.

MODEL AEROPLANES TO TRY OUT WINGS

Model aeroplanes will be displayed at the aviation meet to be held under the auspices of the Oakland Amateur Aero Club, Saturday afternoon in the new Aerodrome at Fruitvale avenue and Park street. The meet has been planned for the benefit of the young aviators of the bay region. Representatives of the Junior Aero Club, the New Century Club and the Rushrod Aero Club, have entered for honors.

The entry list includes fifty different flyers, each with one or more machines entered. To stimulate competition between the youthful aviators, the successful flyers will be rewarded with money prizes.

The purpose of the meet is to stimulate a growing interest in model aviation. The sport is becoming more popular every day.

The following committees are handling the meet: Field committee, Harvey Morrell, Raymond Montague; prize committee, B. R. Robinson; entry committee, Clifton Gorton, Carlton W. Kendall; advertising committee, Carl May, William R. Davis; contest committee, H. C. Kendall (chairman), William Davis, C. W. Kendall.

FREMONT CLASS PLANS PILGRIMAGE TO STEGE

Members of the class of 1915 of the John C. Fremont High School will make a pilgrimage to Stege for the semi-annual picnic to be held Saturday. About fifty girls and boys will compose the party.

The students of the high and low Junior classes of Fremont High School made a trip to Niles last Saturday, where they saw an our-door feast. The pupils left the school at 9 o'clock with a number of chaperones. They enjoyed the journey in a special train.

GIRL GIVES PROMISE OF BECOMING ARTIST

At a recent art exhibition in the Portland Museum of Art, Florence Holmes, formerly a pupil in the Oakland High School, contributed a number of drawings which received favorable mention. The young artist declared the error for the last issue of "The Cardinal," the publication of the Lincoln High School. According to latest reports Florence will return to the Oakland High School next term.

BERKELEY AND ALAMEDA Gossip of Students and Residents in University Town Social and Personal Happenings of Day in the Island City

BERKELEY AERIE TO GIVE DRILLS

Delegates to State Convention Prepare for Active Participation.

BERKELEY, May 6.—Bakersfield will be invaded May 20 by the State Aerie of Bakersfield, and members of the California Aerie, No. 1223, of this city are preparing for an active part in the invasion. William Martin, John Davis, Charles A. Becker, James Cooke and George Socker are the delegates from the local aerie. The drill team consists of 22 men and officers under the leadership of Captain Charles A. Becker, who has charge of the team for the past year and brought them up to a fine standard in both military and fancy drills, and expects to carry off to honors in the coming convention and bring home to Berkeley the trophy and first prize given by the State Aerie. Becker is one of the most popular sergeants of the Berkeley police department and prior to his connection with the department was drill and shooting master of Troop A Cavalry, N. G. C., and has held and still holds the world's record in revolver shooting, having scored in the International American Team, 1902, the score of 973 out of the possible 1000 points, for which he was awarded the diamond medal, and to the present day has not lost any of his remarkable ability in shooting, as he is the star performer of the Berkeley police department, holding the championship of the department for the past six years.

OAKLAND PEOPLE WITH BRUSH TOURING PARTY

ALAMEDA, May 6.—Mrs. Emma Wells, Mr. and Mrs. O. S. Orrick and Miss Elizabeth Orrick of Oakland are among the party of twenty-seven tourists whom Dr. F. S. Brush, pastor of the First Presbyterian church of this city, will take to Europe. Mrs. Mildred F. Husbands and Miss Corinne Short of Berkeley will also be in the party. The California members of the party will leave this week, taking the White Star liner, Cretic at Boston on May 13 and disembarking first at Naples. The members of the party are: Mrs. Emma Wells, Oakland; Mr. and Mrs. O. S. Orrick, Oakland; Miss Elizabeth Orrick, Oakland; Mrs. Charles W. Slack, San Francisco; Miss Ruth and Miss Edith Slack, Mr. and Mrs. E. A. Bunker, San Francisco; Miss Bunker, Mr. Thomas Bunker, Mr. and Mrs. Charles D. Bunker, San Francisco; Mr. and Mrs. Ernest H. McCandlish, Alameda; Mrs. Mildred F. Husbands, Berkeley; Miss Corinne B. Short, Berkeley; Mrs. Delos B. Johnson, New York City; Miss Gertrude Cragin, Chicago, Cal.; Mrs. D. P. Bimons, Los Gatos, Cal.; Miss Kate H. Maher, San Francisco; Miss Gladys Bush, San Francisco; Dr. and Mrs. F. S. Brush, Alameda; Miss Charlotte P. Brush, Miss May H. Lockhart, Pittsburg.

SLIGHT RAZOR CUT CAUSES MAN'S DEATH

ALAMEDA, May 6.—Robert Bigler, formerly a well known Alameda horseman, is dead from blood poisoning contracted from a razor cut on one of his thumbs. Bigler had a razor in his pocket and in drawing the razor from the pocket he cut his thumb. The apparently inconsequential cut was ignored and blood poisoning set in, leading to complications which terminated fatally late Saturday night. Bigler owned a Park street cigar store, and was survived by a brother, David Bigler. The funeral will be under the auspices of the Alameda Moose lodge, the deceased being a member of the Moose. The funeral will be the first burial ceremony of the Alameda lodge. Bigler was a native of Indiana and 55 years of age.

EDUCATOR TO TALK ON AMERICAN MOTHERHOOD

ALAMEDA, May 6.—Tomorrow afternoon at the auditorium of the Haight school the Mothers' club of that school will convene at 2:30 o'clock for a regular meeting. Business of importance is scheduled to come up during the first hour of the session, and all members are urged to be present when the meeting opens. At 3:30 o'clock Superintendent of Schools Will C. Wood will give an address to the club on "American Motherhood." The public is invited to attend the lecture and is requested to be present at the hour indicated. Music will be furnished by the pupils of the Haight school, and an enjoyable afternoon is looked forward to.

BERKELEY WOMEN TO FORM ROOSEVELT CLUB

BERKELEY, May 6.—Berkeley women are interested in the formation of a club to organize a club tomorrow afternoon at a meeting at the Hotel Shattuck at 3 o'clock. The meeting has been called by Miss Leola Hall, Mrs. Mary Cheney and Mrs. Inez Brown, all of whom are vice-presidents of the Berkeley Roosevelt Club. Charles S. Wheeler, regent of the University of California, will be the chief speaker.

ALAMEDA PERSONALS

ALAMEDA, May 6.—Mrs. M. O. Lamb left the last part of the week for an Eastern trip. Mrs. Lamb will be away until the fall and will visit St. Louis, Cleveland, Michigan, Detroit and New York before her return. Joseph Campbell, who came from the North yesterday, and will make his home in Alameda. His mother and brother Robert arrived some time ago from the East and have taken up their residence at the home of J. Morgan of Park street. Mrs. Campbell and her sons were former Alamedans and their many friends will be glad to have them among them again. Mrs. Edward Burrill entertained at luncheon on Friday afternoon. About a dozen guests enjoyed the hospitality of the hostess. Joseph Oles has accepted a position of attorney for a large corporation in Sacramento, and will make his home in that city. Oles is the son of Mr. and Mrs. Frank Oles of Park street and is a graduate of the University of California. Since his graduation he has been practicing law in San Francisco. J. H. Benton and Miss Esther Septon spent the week end in Santa Rosa and viewed the new canyon. They returned to their home today accompanied by Mrs. Bert Gilbert and her son. Mrs. Damon left Saturday for her home in the East. Her mother, Mrs. G. W. Damon, who is the guest of her mother in Boston until late in the fall.

GIRL IS PASSENGER IN LONG AIRSHIP FLIGHT OVER CITY

MISS DOROTHY ARNOLD AND ROY FRANCIS in biplane ready for a flight over Alameda and Oakland.

ALAMEDA, May 6.—Miss Dorothy Arnold, the first girl to fly in an airship from Alameda marsh, was taken by Roy Francis for a ride through the air yesterday, gliding over Alameda and Oakland. Miss Arnold is a San Francisco girl interested in aerial navigation and who announced that she intends to take up flying as a business. She will soon be experimenting with an airship on the Alameda grounds. Francis took Miss Arnold in his new biplane, rigged with a 60 horsepower engine and twin propellers. An altitude of 3500 feet was reached. Miss Arnold was enthusiastic after her ride and said she liked best of all the long swoops and glides when the biplane was started eastward from high in the air. This afternoon Tracy R. Flint, superintendent of the Stockton light and power company, was taken for a flight by Francis. Several other passengers were taken yesterday by Francis. Among them were John Bryant, brother of Frank Bryant, Francis' team mate in flying. Bryant did not fly his own machine yesterday owing to a branding of the running gear which was caused by the airship being used in a series of low test flights. Yesterday Bryant flew in a four cylinder Curtiss, recovered from the sprained ankle sustained in his flying accident three weeks ago, made several short flights yesterday and today but did not leave the marsh area. John Ames, Jr., a seventeen year old San Francisco boy, also flew yesterday in his father's biplane, taking several short trips over the marsh. Several of the aviators expect to make more or less extended flights about 5 o'clock this evening. Saturday afternoon Francis had a startling adventure while making his spectacular flight over Alameda and Oakland. While 4500 feet in the air, and while over Twenty-second street and Broadway street, Oakland, his gasoline gave out. Shutting off his engine which was rapidly going dead, Francis successfully volplaned to the ground, alighting within a few feet of his hangar on the marsh. Only the experienced aviator who watches his descent, realized that there was something wrong with the airship. Francis explained afterwards that in the enthusiasm of several successful test flights of his new airship he forgot to replenish his tank for the longer flight.

HIGH SCHOOL TO HAVE LABOR DAY WAGE AGREEMENT TO BE DECIDED

Five Hundred Berkeley Lads to Improve Appearance of Campus. Mine Workers to Name Delegates to Tri-District Convention.

BERKELEY, May 6.—Five hundred boys of the Berkeley High School will participate in the first annual labor day of the school on the campus of the institute Wednesday afternoon. A great amount of work has been laid out under the general supervision of Principal Gilbert N. Brink. Girls of the school will serve luncheon to the workers at one o'clock. Roy Clayton, president of the senior class, and Edward Alentio are captains general of the day. Under them are ten squads of about fifty men each, a stew board directing the work of each squad. All weeds on the school lot are to be removed and the open spaces in front of the school are to be cleaned up. Along the walls of the school climbing plants will be set. Shrubbery will be planted in other open spaces. Two of the ten squads of the general work will work within the school, cleaning desks and walls and otherwise brightening up the interior of the building. Luncheon plans are being arranged today by the girls of the school. The luncheon will be served in the school yard at one o'clock, following the completion of the work. Miss Lawson is general chairman of the committee in charge of the luncheon. In preparation for the labor day the boys of the school have had the assistance of W. Prager of the Oakland Park Commission, Anton Verill, head gardener of the Berkeley parks, also assisted. The Berkeley street department will donate the use of wagons and tools. It is expected the labor day will be followed by the organization of an improvement club at the high school for the purpose of maintaining the improvements made. Plans for the club are already being discussed and a meeting is expected to be called later in the week.

WALKING CLUBS TAKE HIKE TO TAMALPAIS

ALAMEDA, May 6.—Members of the Seneca Virens club of this city, a number of men and women, recently organized to take Sunday trips in the hills, joined the members of the General Grant club of Oakland yesterday on a trip up Tamalpais. The local members were the guests of the Tamalpais Conservation club. The occasion of the meeting on the mountain was the address delivered by the Hon. Clifford Pinchot. Speeches were also made by General Charles A. Woodruff, commander of the veterans, and other prominent members of the clubs. The start was made from Alameda at seven o'clock, the members of the various clubs meeting in San Francisco and journeying to Mill Valley on the ferry boat leaving at 8:15 o'clock. Luncheon was served at the springs.

Y. M. I. INITIATION ATTRACTS THROG

More Than 500 Members Are Present at Gathering at Antioch.

ANTIOCH, May 6.—More than 500 members of the Young Men's Institute and Young Women's Institute of Contra Costa county were present here yesterday at the class initiation of Lawrence Council, Y. M. I. The visitors arrived at 11:30 o'clock on the steamer Arrow, being met by a committee from the local Y. M. I. lodge, and Rosarian society and escorted through the principal streets, headed by a band of 25 pieces, to the Catholic church, where mass was celebrated. Dinner was served in Scout's hall by members of the Rosarian society, following which 42 candidates were initiated in Union hall, the work being performed by the champion drill team of Vallejo. The members of the degree team were Leo I. Cavanaugh, George Lyons, Bernard McManus and Ed Supple. The drill team performed the floor work. The hall was crowded with visitors, but the maneuvers were well known. In the afternoon a baseball game between teams from Port Costa and Vallejo took place, the latter winning by a score of 9 to 1, a feature being a sensational running one-handed catch of a long fly from the bat of Francis Cline by A. H. Horn of Port Costa. A tug of war contest between Vallejo and Port Costa teams was won by the former, whose men weighed a third more than their opponents. The musical selections by Alameda Council's band, both in the parade and during the day, were features, while the drum corps of Vallejo and Benicia Councils, Y. M. I., did excellent work in the parade.

BETTER CAR SERVICE FOR THE WEST END

ALAMEDA, May 6.—Residents of the West End are congratulating themselves today over the declaration made at the meeting of the Alameda City Council Friday night to the effect that horsehoe train is to be run west on Lincoln avenue from Mastick station, and so on to the Alameda mole. The railroad officials could not give any definite statement as to the exact day on which the cars could be expected, but thought that it would be before long.

VETERAN GROCER IS FOUND DEAD IN BED

ALAMEDA, May 6.—J. R. Young, a veteran Alameda grocer, was found dead in bed yesterday afternoon at his home 1142 Park avenue. Young was in business in this city for many years. He was a widower. Several adult children survive him. It is presumed he died some time Saturday after retiring, his body being found yesterday afternoon.

FOUND NEAR DEATH

SAN FRANCISCO, May 6.—Two negro laborers are in a serious condition at the Harbor hospital suffering from gas asphyxiation as a result of a loose fixture in one of the rooms at 31 Hinckley alley. Both men retired about 10 p. m. and it is supposed turned on the gas after the light was extinguished. They were discovered at 3:30 this morning unconscious and rushed to the Harbor hospital. Mrs. Rubino, the landlady of the lodging house, failed to learn their names when they hired the room a week ago.

GRAY IS OUSTED FROM HAYWARD JOB

Trustees Think City Attorney Is Too Dilatory on Important Matter.

HAYWARD, May 6.—The office of city attorney, held for some time past by Attorney T. S. Gray, has been declared vacant by an unanimous vote of the board of city trustees. Gray's successor was not named, the board wishing to consider the matter further before taking action. The vacancy will probably be filled at the next meeting of the board. The board, it is asserted, has been particularly annoyed over the alleged delay on the part of Gray in looking into the matter of the legality of the recently issued fire bonds for \$12,500, which were declared valueless by a bond company of San Francisco. It was asserted that the election held for the bonds was not according to law. As a result of the delay in settling the question of the work of installing a new fire alarm system and the building of a new fire house has been held back for months. This is making useless efforts to have the insurance rates in Hayward reduced.

FEED AND GRAIN MILL COMPLETED AT RICHMOND

RICHMOND, May 6.—Within two months of the time its entire plant, one of the largest on this side of the bay, and several thousand bushels of grain were destroyed by fire, the Richmond Mill Company has completed its new plant and announced today that the new machinery had been tried out and was ready for business. A three-story structure for the main operation has been completed, two immense storage tanks to hold 500 tons of grain are also finished and a concrete structure erected for the steaming plant. The company gives employment to a large force of men.

MINETTIS GIVE CLOSING CONCERT

UNIVERSITY OF CALIFORNIA, May 6.—An unusually large audience attended the half hour of music at the Hearst Greek theater yesterday afternoon when the program was presented by the Minetti orchestra, an organization of fifty amateurs under the direction of Giulio Minetti. This was the final Sunday concert of the semester. The next will be the first of the summer school session on June 30. The program presented yesterday was as follows: "Saul," the orchestra; Violin solo, "Walter's Prize Song" from Wagner's "Die Meistersinger von Nurnberg," Miss Dina Moore; Ass's Death from Grol's "Peer Gynt," Suite, the strings only of the orchestra; recitative and polonaise from Thomas' "Allegro," Miss Jeanette E. Lamping, and Puccini's "Madam Butterfly," by the orchestra.

ALAMEDA O. E. S. GIVES SUCCESSFUL AFFAIR

ALAMEDA, May 6.—The Carita Chapter of Eastern Star gave a card party Saturday afternoon at the home of Mrs. E. E. Combs. About thirty guests enjoyed the afternoon and whist was the diversion. Eighteen prizes were awarded to those making the highest scores. Among the winners were Mrs. E. E. Roberts, Mrs. Joseph Barstoe, Mrs. Charles Culver, Mrs. Covell, Mrs. George Sturtevant and Miss Mary Mardick. After the game refreshments were enjoyed, and Mrs. Combs proved a delightful hostess. The house was artistically decorated in greens and blossoms.

HI LEE INVENTS YARN FOR MISSUS

Berkeley Cook Fears for Job When He Falls From Wagon.

HI LEE HI, a Berkeley cook, found himself on a cot in the receiving hospital when he awoke this morning, and he was unable to account for what had happened last night, except that he had badly bruised features. He announced his intentions of returning to work and told Steward Platt that he might have to invent a story for the benefit of his employer. "What I tell Missus," he appealed. "Mabe lose um job." The "Missus" referred to, he intimated, was greatly adverse to intemperance on the part of her cook and HI had been having a high time Sunday night. He said that he had imbibed some whisky, but denied that he ever became quarrelsome or fought. He was taken in charge by the police, who found him lying on the pavement bleeding profusely. This morning he grinned when he found \$16 in his pockets. But his spirits fell when reminded that he might not have a job for long. "Tell the Missus you got mixed in the Tong war," was suggested. "Oh, velly good, velly good," he exclaimed as he went on his way, well patched up.

VICTIM OF AUTO CRASH ON ROAD TO RECOVERY

ALAMEDA, May 6.—At the Alameda sanatorium today it was announced that Mrs. Jeanette Rawlinson had made such good progress toward recovery that it was now believed she will get well, despite two fractures of the skull, a double fracture and almost countless bruises and body contusions. Her recovery is regarded as miraculous for she was believed to be in a dying condition when picked up on Lincoln avenue after the Rawlinson auto had been run down by an electric train. Mrs. Rawlinson was on the side of the auto nearest the train and received the full force of the collision. Her body is literally covered with bruises and contusions. The investigating board has exonerated the train crew from the blame as Rawlinson turned across the track squarely in front of the oncoming train.

My Cook Has Left

"THIS is Mrs. Everyone, Any Street. My cook has just left me and I must have another at once. You know what I want. Have you anybody you can send right away? I had planned to have guests at dinner this evening."

When the cook leaves, the mistress goes to the Bell Telephone and calls up an employment agency. It's her best chance of getting competent help on short notice.

Every Bell Telephone is a Long Distance Station

Oaks Win Four Out of Six From Angels; Rival Lightweights Await Tap of Gong

OAKS EASILY WIN SERIES FROM HEN BERRY'S CREW

Split the Double-Header and Make Total of Winnings Four Out of Six; Ables a Star

LOS ANGELES, May 6.—Left handed slabsters were the stars here yesterday in the double-header the Oaks and Angels waded through. In the before lunch affair, Jack Halla held the Oaks safe without a tally even if they did wallop his shoots somewhat. In the afternoon big Harry Ables again showed that he is all the class of the league by holding the Angels to two measly hits. But the big fellow was wild.

Sharpe applied the hook and sent Malarkey into the box. Flater started out for the Angels, but was almost as wild as Ables, and in addition, his shoots could be located for hits. He gave way to Slagle, who was de-throned for a pinch hitter. Tozer went on the mound, and he in turn gave way to a man that might hit the ball. Leverage finished the game. But of three pinch swatters sent in by Dillon in a desperate endeavor to win the game Ables fanned two of them and forced the other to third to hit an easy grounder, leaving three men to perish on the bases.

Flater started the game by walking Frick, who took second and scored on Coy's fly. In the second hitting singled, went to second on Miller's hit, took third on Ables' grounder through short and tallied on Frick's outfield fly. They made it three in the third, when Coy walked and came the remainder of the way on a sacrifice and a safe drive by Sharpe. Flater was relieved after he had walked Coy, Slagle taking up the job. Slagle got all he wanted in the fifth, a single by Hoffman, a three-bagger by Coy and a safety by Patterson brought in two runs.

The scores:
MORNING GAME.

HAPPY'S GANG FAIL TO GATHER FROM PORTLAND

Koestner Shows Old Time Skill and Vernon Crew Can't Find Sphere.

PORTLAND, May 6.—Timely hitting by the Beavers, coupled with Koestner's ability to catch himself out of pinches, gave Portland a 2 to 1 victory over Vernon in the last game of the Portland rounds for three weeks.

Two two batters by Carlisle and Brasher in the first inning gave Vernon its one run. Three hard hits in a row gave Portland one in the third and tied the score. A walk and two batters in the fourth gave the run which won the game.

One of the feature plays of the game was a beautiful running catch by Stinson in the eighth. Chabourne hit a long fly to right, which Stinson chased back to the fence, and with a one hand spear, leaped up and picked the ball just as it clattered against the beam. The boards knocked Stinson's knuckles raw, but he hung onto the sphere.

The scores:

Willie Ritchie (on the left) and Ad Wolgast, who are to mix in a four-round boxing match at San Francisco next Saturday afternoon.

MARKSMEN HAVE BUSY DAY AT TARGETS

No Records Broken at Shell-mound, But Plenty of Clever Shooting.

The marksmen failed to shatter any records at the Shell Mound targets yesterday afternoon. The scores recorded, however, were well up to the average.

W. H. Christie started with the pistol and rattle club with scores of 25 and 31, and in the same event Dr. R. A. Sumner made a score of 32. R. S. Wikstrom made a 31 and E. A. Harris scored 33. Schierbaum won first prize in the rifle competition with 218 and 218. Charles Wegmann was first in the medal shoot. Kreiger's shoot with a score of 398.

The scores:
Shell Mound Pistol and Rifle club, monthly rifle shoot: Champion class—C. W. Seeley 186, B. Schierbaum 218, 218; K. O. Kinsinger 203, 201. First class—J. Bauman 148, 149; Frank Fowler 170, 157; F. A. McLaughlin 180, 192; L. Erickson 181, 193; C. Otten 180, 206; C. M. Kraul 126, 128; A. Thompson 106. Second class—B. Brunje 146, 143; G. R. Hauser 100, 180; G. Holstein 172, 187; W. A. Siebe 38, 51. Third class—O. P. Peterson 38, 51. Fourth class—C. W. Seeley 186, 186; B. Schierbaum 218, 218; K. O. Kinsinger 203, 201. First class—J. Bauman 148, 149; Frank Fowler 170, 157; F. A. McLaughlin 180, 192; L. Erickson 181, 193; C. Otten 180, 206; C. M. Kraul 126, 128; A. Thompson 106. Second class—B. Brunje 146, 143; G. R. Hauser 100, 180; G. Holstein 172, 187; W. A. Siebe 38, 51. Third class—O. P. Peterson 38, 51. Fourth class—C. W. Seeley 186, 186; B. Schierbaum 218, 218; K. O. Kinsinger 203, 201.

CALIFORNIA LEAGUE INTRODUCES SOME CLEVER MEN

MILLERS DEFEAT SAN FRANCISCO.
STOCKTON, May 6.—The California State League opened here yesterday.

A large crowd witnessed the inability of the visitors to take any liberties with Dr. Moskier's offerings. Also the doctor had such excellent support that only a row of elphs decorated the visiting side of the score board.

Simonds was hit when his med shot, and his support was not of the best. Smith's batting was an additional feature of the game, for he tripled and a double. The scores:
Stockton..... 10..... 1..... 0..... 0..... 0..... 0..... 0
San Francisco..... 0..... 0..... 0..... 0..... 0..... 0..... 0
Batteries—Moskier and Jackson; Simonds and Burke.

MODESTO DEFEATS OAKLAND.
MODESTO, May 6.—The Modesto Reds and Oakland met here yesterday afternoon. The Reds won with a score of 3 to 2, and earned the victory by a pitcher, Moberly and Peterson pitched good ball. After the third inning Moberly did not allow a vestige of a hit.

The crowd filled both bleachers and the grandstand. The scores:
Modesto..... 3..... 0..... 0..... 0..... 0..... 0..... 0
Oakland..... 2..... 0..... 0..... 0..... 0..... 0..... 0
Batteries—Moberly and Johnson; Peterson and Fasco.

SACRAMENTO 1, GALT 0.
SACRAMENTO, May 6.—The State League season opened here before a small crowd. Sacramento getting away to a one to nothing victory over Galt. The scores:
Sacramento..... 1..... 0..... 0..... 0..... 0..... 0..... 0
Galt..... 0..... 0..... 0..... 0..... 0..... 0..... 0
Batteries—Arlett and Smith; Knight and Hart; Temple—Mead.

BEAVER FANS BEGIN TO THROW BIG HAMMER.
PORTLAND, May 6.—Fans in great numbers have been attending the games here. A change at second base where many believe Captain Rodgers is doing much to hold the team to a hopeless sixth place in the league.

In reference to these attacks McCredie today said:
"I cannot understand why the fans are after Captain Rodgers. He is playing well all the time and is not the 'weak spot' in my infield. He is hitting close to 250, and what few errors he makes are on extremely difficult chances. He is the greatest little infielder in this league. I will not pull him for anybody."

BUT TWO BIKE RIDERS FINISHED AT BOSTON.
BOSTON, May 6.—Only two bicyclists finished the 100 mile race here yesterday. The trial was over a triangular course between Boston, Providence and Worcester, which was covered in nine hours flat. A. Lotius and Henry E. Johnson, both of Providence, were the successful competitors.

JOHNNY COULON WILL BOX FOR NEW YORKERS.
NEW YORK, May 6.—The chief event of the week in New York in sporting circles, will be the appearance here of Johnny Coulon, the bantamweight champion. He will box 10 rounds on Wednesday night with Young Solsberg of Brooklyn, at the Royal Athletic club.

DOWS ARE TOO FAST FOR PANAMA PLAYERS

ALAMIDA, May 6.—The rugged Dows nine put one over on the Panamas on the Dow diamond yesterday afternoon, taking a 7 to 6 game after nine innings of hard playing.

Several new players appeared in Dow uniforms and the changes in the team apparently are for the better. Summary:
Dows..... 7..... 1..... 0..... 0..... 0..... 0..... 0
Panama..... 6..... 0..... 0..... 0..... 0..... 0..... 0
